one group waiting more than eight minutes.

Mr. Sandberg said that he spoke with Hudson City Schools Superintendent Dana Addis and Mr. Addis would make high school courts available for resident players during tournaments. He also stated that the money raised would help cover Phase 1 of the lighting, which would light half the courts.

Ms. Roseanne Thomas, 2573 Brunswick Lane, stated that she was happy to see Council settle the lawsuit with the former City Manager; is concerned about the amount of money spent on legal fees; that the City should survey residents about their usage of HCTV, and stated that the City save money on legal fees and spend it on HCTV.

He also commented on the Owen Brown underpass and that a smart light will be installed. [Safe Routes 2024 \(DRAFT\) - recommendations map](#)

Ms. Fernandez and Mr. Kosco summarized findings from the Walk & Bike event. Ms. Fernandez stated that there was a preference to take slower speed streets and connecting to regional trails. There was mention of aligning the proposed connections map with the Safe Routes to School draft plan. Mr. Kosco asked for buy-in from Council on the scoring of the plan and staff would then return to Council in August with a recommended list of segments.

Mr. Sutton stated that there are no definitions of "collector" streets and that needs to be clarified. He also disagreed with the scoring, stating that "high-speed" and "collector" should be flipped. Further, he would like staff to consider multi-purpose paths versus traditional sidewalks, and wasn't sure about incorporating Safe Routes to School.

Mr. Foster agreed with the input and asked if Council would have the opportunity to solicit feedback from the scoring participants and how it would be implemented. He cited that the residents on Nicholson Dr. are largely not in favor of a sidewalk that would eliminate old-growth trees, especially when they have a path behind their properties that enters the park system.

Discussion followed about multi-purpose paths versus concrete sidewalks. Responding to a question, Mr. Kosco stated that the cost of a multi-purpose path is at least double that of a sidewalk.

This item was discussed.
