DATE: October 11, 2023
TO: Mayor Anzevino and Members of City Council
FROM: Thom Sheridan, City Manager, Greg Hannan, Community Development Director
RE: City Manager’s Growth Management Annual Review Report

Section 1211.02, *Implementing the Allocation System*, of the Codified Ordinances of the City of Hudson requires the City Manager on an annual basis to make a recommendation to Council regarding implementation of the Growth Management Allocation System. The recommendation is contained in this report which covers the number of new dwelling units approved by type and location for the past two years together with the population figures based on the most recent U.S. Census Bureau data. When population growth exceeds 1.5% annual growth the Growth Management Allocation System may be implemented.

- There were five applications for single-family homes in 2023 (January – October).
- Hudson Preserve, an 11-lot subdivision on Norton Road has completed the plan review process and is anticipated for infrastructure construction in 2024.
- The Cottage of At Pine Ridge (11 sublots) and Canterbury Crossing (34 sublots) are both in the early plan review stages with the Planning Commission. If these advance through the plan review process, infrastructure construction could occur in 2024 with possible home construction in 2025-2026.
- No large single family subdivisions are anticipated for development in the next two years.
- The Reserve at River Oaks development accounted for the majority of new homes over the previous several years; however, the subdivision is now at build out.

Housing Development		
Year	Single Family	Additional Projects
2019	39	
2020	42	Hudson Meadows (130 unit cc retirement community)
2021	46	
2022	5	
2023	5	
Future Estimates		
2024*	5	Hudson Preserve Subdivision – Norton Road
2025*	10	Possible commencement of Cottages at Pine Ridge or Canterbury Crossing
*Future year estimates.		

Recommendations: Given the limited number of new homes constructed and the modest annual population growth of 0.4% from 2010-2020, the City Manager recommends the Residential Growth Management System not be implemented for the 2024. A public hearing on implementation of the growth management system is scheduled for November 21, 2023.
