FEATURES

Classic aesthetics featuring fine-furniture details

Virtually unlimited design choices including custom sizes and grille patterns

Stunning hardware in rich patinas and other timeless finishes

Pella Architect Series Traditional double-hung window

WINDOW STYLES

Custom sizes and fixed configurations are also available.

PATIO DOOR STYLES

Colors & Finishes PELLA® ARCHITECT SERIES® TRADITIONAL

WOOD TYPES

Choose the wood species that best complements your home's interior. White oak, red oak, cherry and maple are available as custom solutions.

PREFINISHED PINE INTERIOR COLORS

When you select pine, we can prefinish in your choice of seven stains or three paint colors. Unfinished or primed and ready-to-paint are also available.

ALUMINUM-CLAD EXTERIOR COLORS

Our low-maintenance EnduraClad® exterior finish resists fading. Take durability one step further with EnduraClad Plus which also resists chalking and corrosion.* Custom colors are also available.

* EnduraClad Plus protective finish is not available with all colors. See your local Pella sales representative for availability.

Grilles PELLA® ARCHITECT SERIES® TRADITIONAL

GRILLES

Choose the look of true divided light, removable roomside grilles or make cleaning easier by selecting grilles-between-the-glass.

AdvancedComfort Low-E insulating dual-pane glass with argon¹

NaturalSun Low-E insulating dual- or triple-pane glass with argon or krypton^{1,2}

SunDefense™ Low-E insulating dual- or triple-pane glass with argon or krypton^{1,2}

ADDITIONAL GLASS OPTIONS

HurricaneShield® products with impact-resistant glass^{2,3}

Laminated (non-impact-resistant)^{3,4}, tinted^{1,3} or obscure^{1,3} glass also available on select products

STC (Sound Transmission Class)-improved dual-pane sound glass^{2,5}

Screens⁶

ROLSCREEN®

Rolscreen soft-closing retractable screens roll out of sight when not in use.
(Available on casement windows and sliding patio doors only.)

FLAT

InView™ screens are clearer than conventional screens. Vivid View® window screens offer the sharpest view.

WOOD-WRAPPED

Optional wood veneer can be added over the metal screen channel on interior screens to provide a more seamless look.

¹ Optional high-altitude InsulShield Low-E glass is available with or without argon on select products.

² Available on select products only. See your local Pella sales representative for availability.

³ Available with Low-E insulating glass with argon on select products.

⁴ For best performance, the laminated glass may be in the interior or exterior pane of the insulating glass, depending on the product.

⁵ Sound control glass consists of dissimilar glass thickness (3mm/5mm).

⁶ Warning: Use caution when children or pets are around open windows and doors. Screens are not designed to retain children or pets.

5400
WINDOWS

WINCORE[®]
WINDOWS & DOORS

The way it should be.[™]

5400

Don't spend a fortune. Just make them think you did.

With a host of features and many incredible options, 5400 windows from Wincore® are proof that quality doesn't have to cost a fortune. And while that may not be a popular viewpoint with other window manufacturers, we're betting you might see things a little differently.

Interior Colors

Exterior Laminate Colors

Black, Brown and Bronze Exterior Laminates require a three week lead time.

The contoured design of the chambered vinyl frame on 5400 windows blends beautifully with any home style.

Grids

White

Tan

Clay

Brass

Optional contoured grids are located inside the insulating glass unit to provide a smooth cleaning surface. Available in three patterns.

Colonial

Perimeter

Prairie

Low-profile composite cam lock blends into the overall window design.

At the point where operable sash meet, the interlocking design of the meeting rail or stile secures sash tightly together.

Windows with operable sash move smoothly and easily because of a constant force coil spring balance system.

A spacer system with a U-channel design inside the I.G. is more efficient than conventional box spacers.

Double Hung windows feature a vent latch for partial ventilation.

Features

- 1 Frame profiles are chamfered – adding strength, rigidity and enhanced thermal performance.
- 2 Dual-paned ¾" insulating glass unit can be ordered with optional Low E glass and an Argon gas fill.
- 3 Insulating glass unit is set ½" into the sash to keep edges warmer.
- 4 Frames and sash are welded at mitered corners to create strong and rigid units.
- 5 The sloped sill design prevents water from pooling during heavy rains.
- 6 Multiple weatherseals at various points around each sash prevent drafts.
- 7 Closed-cell foam sill bulb prevents water infiltration.

On the popular Double Hung window style where both sash move easily up and down, low-profile latches at the meeting rail release the sash to tilt in – allowing for interior and exterior cleaning to be done from the inside.

5400 windows are more energy efficient when ordered with optional Low E glass and an Argon gas-filled insulating glass unit. Low E glass helps keep homes warmer in winter and cooler in summer.

Behold the power of collective thinking.

In this business, everyone knows that great people working together end up providing great windows and doors. That's why when we set out to design and build the best windows and doors in the industry, we focused on people first. People with advanced technical knowledge. People who know how to do things right the first time. But most importantly, people who realize that integrity and trust are not simply words, but a way of life. With more than 200 years of combined experience under our belts, you can clearly see our promise of quality and innovation in every window and door we make. Not to mention how we go about making them. To us, it's about creating an environment that brings out the best in everyone, and accepts nothing less. It's about doing things the way they should be done, not necessarily the way they've always been done. It's about giving back to our communities and the things that matter most. And it's about family – ours, as well as yours. At Wincore®, our philosophy is simple. It's not about being the biggest. It's about being the best. Because to us, that's the way it should be.
