

## **2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview**

The 9 greatest needs, as determined through a combination of the Needs Analysis, meetings with local non-profit agencies, community stakeholders, and a community survey are:

1. Infrastructure Improvements such as waterline and sanitary sewer replacements and infrastructure improvements in low- to moderate-income census tracts;
2. Home Repairs to homes of low- to moderate-income homeowners who otherwise could not afford critical home maintenance, to include weatherization, lead abatement, ADA accessibility modifications, and Home Repair Programs for low- to moderate-income owner-occupied housing units;
3. The provision Economic Opportunities that create or retain jobs for low- to moderate-income individuals;
4. Demolition of blighted structures to create safe neighborhoods in low- to moderate-income census tracts;
5. Assisting individuals, such as the developmentally or physically disabled, who need help with self-care through facilities/housing improvements or job training programs/employment opportunities;
6. The creation of programs to address the housing and supportive services needs/employment opportunities of our Veterans;
7. The provision of support for educational programs that will improve the lives of low- to moderate-income persons;
8. Programs to address the recreational and social needs of our growing senior population, such as community centers and senior playgrounds/walking trails, and
9. Support of programs that address the needs of the homeless.

In addition to the above goals, the County of Summit Department of Community and Economic Development has selected the Village of Lakemore to be a target area.
