City of Hudson

I am against changing my property zoned from commercial to residential.

Since we have been zoned commercial all these years, I feel my property is worth more than residential. I've adapted to commercial buildings across the street and the constant traffic, more homes will increase that.

That is why I feel strongly to stay the same.

Dear Mr. Richardson,

Per our conversation earlier, I have no objection to the rezoning of the parcel of land next to me owned by Prestige Homes. I would like to request that the two parcels owned by me be included in this rezoning request from District 6 to District 3 residential along with Prestige Homes.

Please contact me if you have any questions or need any additional information regarding my request. Thank you.

Sincerely,

 5-5-14
