

COMMUNITY DEVELOPMENT • 115 Executive Parkway, Suite 400 • Hudson, Ohio 44236 • (330) 342-1790

REPORT

DATE October 9, 2015

TO: Board of Zoning and Building Appeals for
Meeting Date October 15, 2015

FROM: Kris A. McMaster, Associate Planner
Mark Richardson, Community Development Director

SUBJECT: **Appeals Docket 2015-12**

Application

Variance to permit construction of a screen porch.

Site

Address: 7 Tanager Drive
District: 3
Applicant: Diane Rubin-Schuld
Owner: David and Marilyn Lewis

Adjacent

<u>Location</u>	<u>District</u>	<u>Use</u>
North	3	Single Family Residential
South	3	Single Family Residential
East	3	Single Family Residential
West	3	Single Family Residential

Comments

The request is a variance of twenty (20) feet to the minimum rear yard setback of fifty (50) feet for a screened porch addition resulting in a structure being thirty (30) feet from the rear property line pursuant to Sections 1205.06(d)(5)(E)(i), "Setbacks: Minimum Rear Yard Setbacks-Principal Structure: 50 feet" of the City of Hudson Land Development Code.

The subject property is located on a corner lot in the Winston Manor Subdivision on subplot 88 in District 3. The property is surrounded on all sides by single family homes. The house was built in 1992 and the owners purchased the property in June of 2001. The required setback for the front yard, rear yard and second street front is 50 feet. The required side yard setback is 15 feet. The front setback at the northwest corner of the house is a legal non-conforming setback. The property owners received a zoning permit for a kitchen expansion and deck addition on August 27, 2015. The proposed screen porch addition will be a 24' x 12'- 10" with a fireplace and a doorway to the patio. The owners have indicated the angled placement of the house on the property has created an awkward rear yard setback for the proposed addition and due to the design of the interior layout of the house the proposed location of the screened porch is the best choice for the addition location.

The following documents regarding the property are attached for your review:

1. **September 15, 2015** - Application for BZBA and supplemental information of applicant's request including building floor plans and elevations.
2. **Aerial/photographs of site.**
3. **Site Plan.**
4. **Elevation Plans.**
5. **Zoning Certificate-** Issued on 8/28/15 for kitchen and deck.

Approval of the design for the screened porch addition from the Architectural and Historic Board of Review will be required prior to the issuance of a zoning certificate.

cc: BZBA 2015-12
Aimee W. Lane, Assistant City Solicitor
Diane Rubin-Schuld
David and Marilyn Lewis
Keith Smith, Council Liaison

BOARD OF ZONING AND BUILDING APPEALS (BZBA)

Application Supplemental Information

Application for property located at: 7 Tanager Dr. Hudson, OH

Variances from the terms of this Code shall not be granted by the BZBA unless the application for variance demonstrates the following: "Exceptional or unusual conditions exist that are not common to other areas similarly situated and practical difficulty may result from strict compliance with any of the zoning standards, provided that such relief will not have the effect of nullifying or impairing the intent and purpose of these standards."

In determining "practical difficulty," the BZBA will consider the following factors:

- 1) The property in question (~~will~~/will not) yield a reasonable return and there (~~can~~/cannot) be a beneficial use of the property without the variance because: three sides of the lot would be subject to a 50 foot setback that severely restricts the usable portion of the lot.
- 2) The variance is (~~substantial~~/insubstantial) because: it uses the lot in a natural way that does not interfere with others and is not visible from south or north on Steepleview Drive.
 - a) Is the request the minimum amount necessary to make reasonable use of the property or structure(s)? Yes, and even with the request it still leaves more than 30 feet from the setback, which is 2 times the distance that others have for their sideyards.
- 3) Would the essential character of the neighborhood be substantially altered? Explain: No. The variance permits beneficial use of applicant's lot, which is nearly .72 acres in size. The variance would permit an expected use of the lot.
 - a) Would adjoining properties be negatively impacted? No.
 - b) Describe how the adjacent properties will not be affected: The distance between the closest point of the proposed structure would be more than 30 feet from the lot line and when coupled with 15 feet set back observed by closest neighbor a total of 45 feet separates
- 4) Will this request adversely affect public services (mail, water, sewer, safety services, etc.)? No.
- 5) Did the owner of the property purchase the property with the knowledge of the zoning restrictions? Yes, as deemed by law but an existing deck that will be removed covers part of the same space.
- 6) This situation cannot be feasibly solved by means other than a variance. Explain: There is no other better choice for the variance given interior layout of the house and the need for space between the proposed additions and existing study.
- 7) The spirit and intent behind the zoning requirement (would/would not) be observed and substantial justice (done/not done) by granting the variance because: it permits beneficial use of the property by accommodating an improvement that contributes value to the residence without negative impact
 - a) The circumstance leading to this request was not caused by current owner. It was caused by: original plotting of a corner lot by developer and interior configuration of the residence
 - b) List any special circumstances peculiar to the property/lot (i.e. exceptional irregularity, narrowness, shallowness or steepness) these circumstances are: This is a corner lot with angular placement coupled with 50 foot setbacks on three sides.
