Well I have some very bad news. Ford cancelled all of my unscheduled units, a total of 423. So we will not be getting your 2022 ordered units.

Ford also will not price protect into the 2023 model year, and the price has increased from 2022 to 2023 by \$9,000 per car.

Ford also decided to close the 2023 order bank back on 9/9/2022 with only a 3 day notice to dealerships.

I was able to place orders for 896 of the 2023's before the order bank closed and 3 of them have your name on them. I can go in and add you to more of them if I need to.

I know this is not the news you wanted, nor did I, but it's what we are dealt.

Thank you,
Derek Powers
