Present: 7 - Mr. Basil, Mr. DeSaussure, Mr. Hanink, Mr. Jeffers, Mr. Kelemen, Dr. Williams and Mr. Wooldredge

Staff in Attendance: Mr. Bales, City Manager; Mr. Hunt, City Solicitor; Mr. Schroyer, Assistant City Manager; Mr. Comeriato, Public Works Director; Mr. Knoblauch, Finance Director; Mrs. Slagle, Clerk of Council; Mr. Wiedie, Economic Development Director.

4. Approval of the Minutes

Workshop Meetings on August 7, September 11, and 25, 2012; Regular Meeting on August 15, 2012; and Special Meetings on August 14, 22, 28, September 11, 17, and 18, 2012.

The above minutes were approved as submitted.

5. Public Comments

Leanne Schumacher, resident of 5795 Alisa Court and Environmental Awareness Committee (EAC) member read a statement on behalf of the Committee, saying "The EAC would like to express approval of the proposed conservancy easement by the owner of the 5715 Darrow Road property. We commend Collection Auto Group and Mr. Bernie Moreno for proposing a modification of the original zoning request. This modification will reduce the additional parking area and add a conservation easement. The reduction of the parking area will lessen drainage issues by limiting impervious space, while the conservation easement will protect the existing green area. The EAC recommends that City Council approve the proposed conservancy easement."

Randy Rivers, 642 Notre Dame Avenue in Cuyahoga Falls and candidate for Sheriff of Summit County, shared his education, law enforcement experience, and work ethic. He asked City officials and members of the audience for their support in the upcoming election, and he noted that he would be available to answer questions after the meeting.

6. Correspondence and Council Comments

On behalf of the Tree Commission, Dr. Williams reported that there are new fall plantings in the downtown along North Main Street, and he noted that winter plantings are planned in December. In addition, he said that the Tree Commission recommends that residents with ash trees on their property make plans to have them eliminated. He said the emerald ash borer is in Hudson, anticipating that all ash trees will be affected, and removal prices will likely increase in the future.

Mr. Wooldredge said that Council had considered a Public Power Policy earlier in the year, and he asked Mr. Bales when the topic will be revisited. He deferred the question to Mrs. Slagle, who indicated that staff intends to bring the matter for Council's consideration at the November 13, 2012, workshop meeting.

Mr. Hanink reported on current Architectural and Historic Board of Review activities. He said that a deliberate process is underway to review the Land Development Code and current Architectural Standards to see what appropriate changes should be made to recognize more modern building materials and other aspects that are limiting some development and also discouraging some maintenance, particularly in the historic district. He said that AHBR will conduct special workshops and will be bringing this topic to Council's attention in the future.

Mr. Basil announced that the next Ward 2 Open Forum will be held at 7:30 p.m. on Tuesday, October 30, 2012, at the Barlow Community Center. He noted that Mr. Bales and Mr. Sheridan will be in attendance to answer questions, and he encouraged residents to attend.

Mr. Basil said that City Council members have received copies of the City's Financial Report for August, and he thanked Mr. Knoblauch for providing this information on a monthly basis.

7. Report of Manager

Regarding Res. No. 12-138, Mr. Bales noted that staff had recommended at the last workshop that Council authorize advertisement and receipt of bids for a storage area network, virtual machine server, and associated equipment. He said that staff is instead recommending the City enter into a purchase agreement with a supplier offering a price below the State purchasing contract price.

Mr. Bales noted that he will be attending the International City/County Management Association Conference and will be out of the office from October 6-10, 2012.

While Mr. Hanink said he appreciated the work of the Economic Development Director and Committee members, he opposed the contract. He felt that recent changes to the Land Development Code were sufficient to attract businesses to Hudson. Dr. Williams was also opposed, stating that he had concerns regarding the return on investment, especially in the first year. Mr. Kelemen said he believes in the Economic Development Department, but does not support Atlas Advertising's plan. He thanked the Director and Committee members for their work.

Mr. Basil supported the Atlas Advertising contract. He reviewed the history and strategic direction for Economic Development and said that the contract has provisions for a 30-day out clause. He said that the City will monitor Atlas Advertising closely, and he was convinced that this effort will expand Hudson's opportunities and will make a significant impact. Mr. DeSaussure said that since 1998, Hudson has struggled to expand its tax base, but it remains unchanged. He said that marketing is necessary and Council should invest in this worthwhile enterprise to market nationally and internationally. As Council liaison to the Economic Growth Board, Mr. Wooldredge supported this motion. He said that he believes the Atlas Advertising contract to be a worthwhile endeavor, and while the City has made some progress in economic development, a strategic plan is needed, and Atlas is a fine group that will move the City forward. Mr. Jeffers offered support for the motion, noting his respect for the recommendations of Mr. Wiedie and Mr. Snider.

A motion was made by Mr. Wooldredge, seconded by Mr. Basil, that this Resolution be Adopted on Third Reading. The motion carried by the following vote:

Aye: 4 - Mr. Wooldredge, Mr. Basil, Mr. DeSaussure and Mr. Jeffers

Nay: 3 - Mr. Kelemen, Dr. Williams and Mr. Hanink
