---

DATE: June 6, 2018

TO: City of Hudson Planning Commission for June 11, 2018 Meeting

FROM: Kris McMaster, City Planner  
Greg Hannan, Community Development Director

SUBJECT: Replat of Hudson Crossings Parkway Industrial Subdivision  
Vacation of Right of Way Road and 5' Reservation Strip

ZONING: District 6: Western Hudson Gateway

PC Case No: 2018-3914

---

**Project Introduction**

Premier Development has applied for approval of a Replat of Hudson Crossings Parkway Industrial Subdivision. The Replat involves the requested vacation of the Right of Way Road and 5' Reservation Strip, an unimproved right of way extending at the northwest end of Hudson Crossings Street cul-de-sac approximately 380 feet west, then north approximately 800 feet along the Hudson and Village of Boston Heights boundary line and northeast to the River Oaks Subdivision. The applicant is requesting the road be vacated to add acreage to parcel #30-09928 for the future tenant requiring more acreage. The City has noted that the area to be vacated has wetlands to the west and north and the original proposed connection to the Reserve at River Oaks Subdivision is no longer needed. The city is requiring maintaining a thirty foot easement for utilities.

The Hudson Crossings Parkway Industrial Subdivision was established in 2006 and extends from Boston Mills Road, north to the Reserve at River Oaks Subdivision. The proposed vacation will result in the right of way and 5' foot reservation strip being consolidated into the north property at 6338 Hudson Crossing Parkway with a thirty-foot easement being established for current and future utilities.

Adjacent Development: The southern and northern portion of the right of way borders parcels that currently have applications submitted for proposed development. To the east is office development and to the west is the Village of Boston Heights.

The following information is attached to this report:

1. Replat of Hudson Crossing Industrial Parkway Subdivision, prepared by Donald F. Sheehy, Chagrin Valley Engineering, LTD, received May 22, 2018.
2. Preliminary review comments from City Engineer Brad Kosco, dated June 6, 2018.
3. Aerial photograph of the development.
4. Hudson Crossing Industrial Parkway Subdivision Plat, recorded 2006.

**Applicable Zoning Development and Subdivision Standards, Section 1207 and 1208**

Survey Documents: As proposed, two deeds will need to be prepared by the applicant.

1. A deed for the consolidation of the right of way into Permanent Parcel #3009749 (6336 Hudson Crossing Parkway); and
2. A deed for the remaining Parcel #3009928 (6288 Hudson Crossing Parkway) Permanent Parcel #3010133, both parcels are owned by Industrial Land Partners Holdings, LLC in District 6 Western Hudson Gateway.

Utility Easement: A 30-foot-wide utility easement is proposed from Hudson Crossing Parkway from the end of the cul-de-sac west and north to River Oaks Subdivision. The plans should provide information describing the proposed terms or rights associated with the easement and to whom it shall benefit.

Engineering: City Engineer, Brad Kosco has submitted a review letter dated June 6, 2018. Mr. Kosco notes all redline comments on the submitted plat sheets are required to be addressed.

**Findings: Section 1204.05(c) Final Subdivision Plat**

The staff finds that the application complies with the purposes and intent of the code and community plans, subdivision development and design standards, regulations that minimize land disturbance and protect environmental features, and other applicable development regulations as specified in Section 1204.05(c) except as discussed above and recommended below.

**Required PC Action, Chapter 1203.10(d)(2)(A)**

The PC shall take final action on a final subdivision application by reviewing the application and all submitted plans and reports, and then either approving, approving with conditions, or denying the application based on its compliance with the standards summarized in this report.

All decisions of the Commission shall be based on written findings of fact related to the relevant standards of the Code.

**Recommendation**

Approve the application for Replat of the Hudson Crossing Parkway Industrial Subdivision for Case No. 2018-3914 involving the vacation of the right of way and 5' reservation strip associated with the unimproved Hudson Crossings Parkway, according to the replat dated as received May 22, 2018. Further Planning Commission recommends that Council approve the vacation of the

right of way and the 5' foot reservation strip and authorize the City Manager to deed these lands to the adjacent property owner, parcel #3009749 (6336 Hudson Crossing Parkway). The following conditions must be met in conjunction with the requested replat:

1. The replat shall provide information describing the proposed terms or rights associated with the proposed 30-foot easement and to whom it shall benefit.
2. The comments of City Engineer, Brad Kosco must be addressed per his letter of June 6, 2018.
3. Council must approve the vacation of the right-of-way and 5' Reservation Strip and authorize the City Manager to deed over the lands to be vacated.

City of Hudson, OH

# HUDSON

ENGINEERING • 115 Executive Parkway, Suite 400 • Hudson, Ohio 44236 • (330) 342-1770

Date: June 6, 2018

To: Kris McMaster, Community Development

From: Bradley S. Kosco, P.E., P.S., City Engineer

Re: Review of Vacation Plat for Hudson Crossing Parkway

The City of Hudson Engineering Department has reviewed the plans submitted May 22, 2018. *Note: The City of Hudson Engineering Standards (Engineering Standards) and Land Development Code (LDC) are available online at the City of Hudson Website <https://www.hudson.oh.us/> under the Engineering Dept. and Community Development Department respectively. The standards are also available in print for a fee. Please contact our office (330-342-1770) if you would like a cost for the printed version.*

The City of Hudson Engineering Department has the following review comments that shall be addressed and any necessary revisions resubmitted:

- 1) See redline comments on submitted plat sheets.
- 2) Upon the recording of the street vacation, the southerly, lot will be non-conforming (leaving a "bowling alley"). How will this be addressed? Is a second plat showing the lot split/consolidation planned? Will it be part of this recording or a second recording?

Review each item and if necessary, please contact our office to discuss. Resubmit when completed.

Respectfully,

**Bradley S. Kosco, P.E., P.S.**  
City Engineer
