Attachments: [Packet staff report 8-10-15](#)

Mr. Hannan introduced the case concerning a proposed amendment which would allow consideration of substitute materials or modern materials within the Historic District under certain circumstances. He cited the basis for the proposed amendment and noted concerns of the Planning Commission when it considered the case at a public hearing held on May 11, 2015. He stated staff had amended the ordinance based on a suggestion by Nathan Bevil, Community Planning and Preservation Manager for the Ohio Historic Preservation Office. Mr. Hannan also said Staff has conducted a review of how peer communities regulate substitute materials. He also reviewed a summary chart prepared by Staff of all alteration, addition, and accessory structure applications within the Historic District from January 2013 to present.

The Commission considered the staff report.

Mrs. Barone opened the public hearing.

Allyn Marzulla, Chair of the Architectural and Historical Board of Review, 5381 Brooklands Drive, Hudson, spoke regarding the proposed the text amendment.

Julie Ann Hancsak, 60 Division Street, Hudson, commented on recommended wording changes that Staff has included in the text amendment. Mrs. Hancsak suggested incorporating minimum maintenance requirements concurrently with zoning and coding enforcement as some means of addressing deteriorating historic buildings from neglect.

Mark Epstein, Ohio History Connection, Historic Preservation Office, Columbus, Ohio, supported the wording revisions of the text amendment referenced by the Staff.

David Drummond, Architectural and Historic Board of Review member, 530 W. Streetsboro Street, Hudson, discussed the basis of the proposed amendment: quality of materials, cost of materials and sustainability.

Mrs. Barone closed the public hearing.

The Commission discussed the comments noted in the public hearing. Mr. Kagler polled those who gave public comments regarding their support for the proposed amendment.

A motion was made by Mr. Harvie, seconded by Mrs. Deutsch, that the Planning Commission recommends City Council adopt Ordinance No. 15-61, An Ordinance Amending Appendix D, "Architectural and Design Standards", of the Land Development Code at Section III-2b as amended, to allow substitute materials or modern materials on historic structures in certain circumstances with the following suggested revisions:
