Questions concerning the proposed driveway expansion into the Hudson Middle School.

- Will the proposed driveway expansion be sufficient to accommodate all of the cars that currently line N Oviatt Street in both directions during drop-off and pick-up hours? It is very difficult for local residents to exit/enter their driveways during these hours and it makes thru traffic equally challenging.
- Once demolition of the Saywell House is complete, what landscaping or other improvements will be made to the property?
- What became of the outdoor learning center plans and the artifacts salvaged during the 1927 school building demolition which were to be included on the property?
- Will N Oviatt Street be officially designated as a "School Zone"?
- Has any consideration been given to staggering the start times for the Middle School to spread out the traffic flow?

Thank you,

Robert & Becky Morlan  
84 N Oviatt Street
