FIVE YEAR PLAN 2019-2023 - ASSUMPTIONS & DEFINITIONS

CATEGORY

REVENUES

Municipal Income Taxes	Income tax rate is 2%. We projected a 9% increase for 2018 and assumed a 2.5% annual increase for 2019-2023 based on recent increased business growth. The voter approved minimum percentage allocation is Parks (15%), Fire/EMS (24%) and Community Learning Centers (13.5%) of the additional 1% income tax collections. The remaining balance is included in the General Fund. The General Fund supports the Stormwater Fund through a transfer done annually.
Property Taxes	Maintenance of current millages within the General, Cemeteries, and Police Pension Funds. We projected a 13% increase in property tax revenue for 2018 and a 2% increase in 2021 based on triennial county appraisal.
Electric Fund Administrative Charge	The administrative transfer from the Electric Fund to the General Fund has been replaced with the kilowatt hour tax which is reported in the General Fund.

EXPENDITURES

Personnel	Salary and fringe benefits costs assuming 2019 projected departmental staffing levels. Includes a cost of living increase of 2.0% for all years. Includes an adjustment in employee health insurance cost of coverage (5% increase for 2019 and 2.0% for 2020-2023). Includes estimated contribution for length of service award program (LOSAP) within Fire and EMS funds.
Operating	2019 department budget estimates for Professional Development, Contractual Services and Materials and Supplies. We assumed 1% growth for 2020-2023.
Capital Improvements	Major capital expenditures including construction and equipment costs.
Debt Service	Both principal and interest payments required on debt issued by the City prior to 2019.
New Debt Service	Both principal and interest payments required on debt projected to be issued by the City from 2019-2023.

General Fund Debt Ratio					
	2019	2020	2021	2022	2023
Existing Debt Service	\$1,771,672	\$1,769,437	\$1,775,601	\$1,774,592	\$1,771,353
New Debt	\$643,383	\$1,428,189	\$1,428,189	\$1,428,189	\$1,428,189
Total Debt	\$2,415,055	\$3,197,626	\$3,203,790	\$3,202,781	\$3,199,542
General Fund Revenue	\$23,299,457	\$24,384,573	\$25,017,944	\$25,540,365	\$26,022,414
Debt Percent of General Fund Revenue	10.37%	13.11%	12.81%	12.54%	12.30%

Explanation: This indicator is total debt service expenditures divided by total General Fund Revenues. This indicator identifies the percentage of the budget used/needed for repayment of debt. Higher debt service expenditures to total revenues is unfavorable since the entity spends more of its current budget on debt repayment. An increasing trend of debt service expenditures to total revenues may mean the percentage of budget dedicated to debt payments is increasing; and therefore, less revenue will be available for capital asset repair/replacement or meeting current operating demands.

Critical Outlook: Ratio greater than 15%

Cautionary Outlook: Ratio between 12% - 15%

Continuous Improvement Report – July 2018

Project Status

City administration and staff focuses on the continuous improvement process, which is an ongoing effort to improve our products, services and processes to make them more efficient and save money wherever possible. Following are examples of continuous improvements throughout the organization for the past 12-24 months.

Code Enforcement

- Created computer generated templates for standard case letters that are sent for complaints or notices.
- Computerized complaints into specific case numbers in the Viewpoint software. Archives and designates a permit number to every complaint. All files are in one location in the computer server, along with scans, photos and other case files in chronological order if the case must go to court.
- Created a notification and penalty process to be more standardized in the City.
- Reduced legal staff meetings to once a month for less than 1 hour each month. Agendas, list of questions, etc. Were implemented to reduce legal staff time on code issues and interruptions.
- Increased the proactive regular code sweeps of the City to once every 6 months. Working to quarterly in the short-term future.

Community Development

- The Community Development department participated in a Lean Kaizen event in November 2016 to review and revise the cumbersome plan review process and generate a more efficient process. As a result, the number of steps necessary from application to start of construction was significantly reduced.
- The installation of Viewpoint software in 2017 created a fully digital permit system which reduced the steps in the plan review process, allowed residents to submit online 24/7 which reduced paper use.
- Shortened the application deadlines to decrease the time between application and meeting date
- Currently reviewing the Land Development Code to create a streamlined, more user-friendly document.

Engineering

- Managing all engineering applications in the new software Viewpoint in collaboration with CD, to provide a more efficient application process. This software is 100% paperless, and no longer any need for physical files and all the files are issued an individual permit number, which allows the entire application plans, documents, etc. to be archived. This has helped to make our staff more efficient, by being able to find the archives in one general file source.
- One engineering office manager staff member was transferred to Finance, to permit the staff member to perform more Citywide finances and minimize additional FTE numbers in the City.
- Working with City Council and the Administration, the Engineering Dept. was able to model Brandywine Creek watershed with NEORS to improve the planning of future capital projects, to target the most effective and the least cost projects with the model.
- Improved the design process to minimize private property impacts and reduce acquisition costs.
- Reorganized staffing within the department to improve efficiencies and increase productivity, without increasing staff levels.

- Increased the number of concrete overlays to reduce long term maintenance on the concrete roads.

EMS

- Implemented EMS billing modifications that increased collection revenues from \$374,316 in 2016 to \$507,194 in 2017.
- Installation of one mobile 800 MHz radio in all EMS vehicles with a pyramid repeater system allowing interoperability with Hudson Police and most other agencies in Summit & Portage County. Cost savings of \$170,000 by using our existing 400 MHz portable radios with a repeater system rather than buying 31 all new 800 MHz portable radios.
- Remounted and refurbished a 2005 EMS ambulance in 2018 – Cost savings over new replacement \$92,000.
- Reduce overtime hours from 3392 hours to 1922 hours last year – 44% reduction.
- With donations from University Hospitals Foundation, EMS Outreach, Hudson Rotary, and Burton D. Morgan Foundation, purchased 2 LUCAS automatic chest compression devices. Improved consistency of CPR and reduced strain/exhaustion on EMS membership.
- Purchased new power cot and load system, improving safety for patients and reduced back strain and lifting injuries for EMS members. Funded through a donation of \$34,800 from OBWC and \$8000 from EMS Outreach
- Used \$4,800 grant to purchase High-Fidelity Child/Pediatric simulator for better member training.
- Moved collections to Ohio Attorney General which has the potential to improve percentage of collections and eliminate \$2500 per year in collection costs.
- Used in-house EMS instructors to teach most classes, saving \$5,000 per year.
- Implemented mandatory annual driver training for all EMS members – Potential reduction in accidents.
- Updated curriculum for EMT class – Reaching millennials better – Improved success rates
- Replacement of staff cars on a 10-year replacement cycle rather than 7-year – Extended life/cost saving.
- Improved/updated volunteer application process – Reduced hiring time from 8 weeks to 6 weeks.
- Improved/updated part-time hiring process – Reduced hiring time from 23 weeks to 11 weeks.
- Use of expired/out of date EMS supplies for EMT class training /simulations – Reduced training costs
- Hudson EMS has the top rated EMT course in Ohio with a 1st time pass rate of 92% - Great training product, superior state education reputation, high quality graduates
- Change to oxygen replacement policy – 30% reduction in oxygen costs last year
- Partnered with EMS Outreach, City of Hudson, HPD and HFD to create the RUOK Senior watch program.

Finance/Utility Billing/Human Resources

- With the retirement of the Accountant, work was redistributed between 3 other employees and the position was not filled. Savings of about \$90,000 per year.
- Discontinued the practice of putting shut-off tags on Utility Customers property when they are delinquent and about to be shut-off. They now receive their bill and a follow up letter if they are in danger of being shut-off.

- Equipment Lease consolidation of 13 leases into 2 leases. Savings is approximately \$20,000 a year for 5 years 2017-2021 in leases.
- Purchases through Amazon savings of \$17,590.32 (7/31/2016-7/31/2018).
- Amazon Business (2017) – Purchase Requisition control – set up in Amazon Business Account and now departments log in to their business account and submit the order directly to finance for approval, eliminating need for entering the information into a SmartSheet. Eliminates guessing whether the item is correct. PO numbers and lines are required when ordering. The items are shipped directly to their location.
- RightSignature (2018) software for Amazon invoice approvals by department managers.
- Costco (2018): Set up Costco membership and credit card which will provide cash back savings and extended warranties (will eliminate using the Huntington Finance credit card moving forward).
- SmartSheet (2018): Appropriation tracking for Engineering. Downtown Phase II project tracking & timeline.
- New Vendors (2018): Updated the New Vendor Packet for required w9 information & placed on Employee Portal.
- Purchasing (2016-2017): Met with departments to explain purchasing guidelines and suggested centralizing areas.
- PayGov (12/2016): Implemented the City receiving on-line payments via credit card for all departments with PayGov.
- Credit Card Request Form (2016): Now on Employee Portal and eliminates need to track separately as it is tracked in SmartSheet.
- VIP (2016): VIP group and individual training sessions to assist with a better understanding of VIP and purchasing procedures including a training manual for VIP.
- New Administrative Directive increasing purchasing quote limits (2016)
- Improved the Police Department’s holiday pay process by creating a spreadsheet that the officers used to calculate the holiday hours which they can then enter in Dovico. This saves both the officers and payroll time and reduces errors when completing payroll.
- Improved a shift differential pay by creating a spreadsheet which is checked by payroll and police department each pay. Previously had no verification process. Ensures no overpayments.
- Implemented the opt-out payment process. Created a direct import file for VIP software which eliminated hand entering opt-out amounts, thereby streamlining the process and reducing errors.
- All employees now on Dovico time-entry system. Electronic timesheets helped eliminate manual errors.
- Processing more invoices via EFT to reduce paper checks.
- Established check positive pay on payroll account for fraud prevention.
- Improvement to sick leave form. Employees only need to submit if they use more than 3 consecutive days.
- Cross training between Accounts payable - Accounts Receivable - Payroll and some other finance duties for when other employees are on leave.
- Have saved most payroll files electronically and have begun to create electronic versions of older files. Have started saving the documents as PDF instead of printing, filling and scanning.
- Accounts Receivable- Added Remote Deposit Capture Services to the lockbox which reduces the trips to the bank.
- Human Resources - Implemented software for new hires forms. New hire forms can be completed online now.

Fire

- Installation of mobile 800 MHz radio in all Fire vehicles with a pyramid repeater system allowing interoperability with HPD and most other EMS/FD's in Summit & Portage County as well as others across the State of Ohio. Cost savings of \$255,000 by our using existing 400 MHz portable radios with a repeater system rather than buying 45 all new 800 MHz portable radios
- Bullex fire extinguisher training prop - \$10,000 grant from Margaret Clark Morgan Foundation
- Fire Safety Trailer refurbishment - \$10,000 discount given by Kamper City
- Replacement of radio amplifiers, repeaters, antennas at the Milford Water Tower – Improved radio communications between Dispatch and all portable radios – Better distance and building penetration
- In house radio re-programming at \$13.00/hour rather than \$85.00/hour thru a radio repair company. Total savings in 2017 was more than \$8,500.
- Moving the radio tower sight from the Stow Road tower to the Hudson High School roof – Eliminates the annual tower lease of \$3800, allows easy repair access, improves radio communications inside HHS.
- Refurbished Heavy Rescue and Brush Truck, extending the life by 10 years.
- Internal maintenance crew work for Fire/EMS vehicles
- Repaired #2019 Aerial truck after dashboard electrical fire - \$5000 savings over outside estimate.
- Rewired Heavy Rescue emergency lighting with LEDs - \$1000 savings.
- Refurbished Brush Truck pump and lighting - \$4000 savings.
- Used volunteer firefighter at \$11.00/hour as a Fire Inspector for more than 100 routine/low hazard inspections rather than using a fulltime Fire Inspector at \$30.00/hour - \$2500 savings
- FEMA Fire Prevention & Safety Grant program Senior Education grant – \$51,000 grant - waiting for approval
- Replaced Fire Prevention Bureau (paper based) fire inspection/occupancy file system with the Mobile Eyes software program. This allows for syncing of information with all mobile data terminals and computers at EMS & HPD, allows inspectors to access the Ohio Fire Code in the field during inspections, improves consistency and quality of inspection documentation, allows for collecting building floor plans for use in field.

Information Technology

- After the Director's retirement, hired a Help Desk Technician position instead of a Director level. Redistributing responsibilities within the IT Department and reclassifications for existing staff, will save approximately \$40,000 annually.
- New software solution helped drive efficiencies, including AirWatch to remotely manage and administer iPads, OnBase—implementing an enterprise document management system for the storage and retrieval of scanned documents. Implementing a system such as this is a giant step in the right direction to help provide efficiencies.
- The elimination of software, including CityWorks PLL, Huddle, Sage, and Revelstone provides annual savings of more than \$28,000 per year.

Cemeteries

- A green burial area with walking path and gazebo in 2017.

- Planted perennials in one flower bed in 2017 to cut down on the City's flower purchase every year moving forward.
- Looking to replace mowers starting 2018 to minimize down time and maintenance.

Water Department

- Bill Miller retire and was replaced by Glenn Pask. Glenn's position was not replaced, generating savings.
- Combined the water line televising work group and the distribution work group and cross-trained to do the same duties, which maximizes efficiencies and savings.
- The Backflow program was outsourced to BSI, which has lowered the cost and the cost is directed to the customer.
- The back-flow operator has been reclassified to a regular operator like the others in the work group. The job position will stay in the water department but won't be filled at this time.
- A full-time position in the water plant was replaced with a part-time person that is shared with Cemeteries.
- With the Sanitary system taken over by Summit County, we changed our coding for televising to Cues coding rather than the PACP coding. This saves approximately \$2,000 a year for training.

Arborist/Public Properties

- The Arborist position has been reduced to 1/3 of an employee, with the Arborist sharing his full-time duties among three departments.
- Arborist provides site plan reviews for CD so contract landscape architect is unnecessary

Economic Development

- Added 1085 jobs throughout the City.
- Hudson Crossing grows to five buildings.
 - Jobs in park rise to 513
 - Payroll in park rises to 30,000,000
 - Total park investment to date 60,000,000
 - 2018 hopes to bring 2 new companies and a 100,000 sq. ft. building
- Seasons Greene was shown to three serious parties including companies from Japan and China
- YDC Property
 - Planning Commission approves rezoning to District 6 (Approved 2/18)
 - Shown to several worldwide companies.
- No significant businesses were lost in 2017.
- Attained Smart21 Community recognition for 2018
- Met with State of Ohio CIO, Ohio Turnpike Exec. Director, and Ohio Dept. of Transportation
- Investigated the following: Community-Wide Broadband, Wireless fire detection, municipal lighting, traffic signals, parking technology, data center potential in new City Hall

Police

- Obtained a grant to purchase a "Cellbrite" forensic data analysis computer and training worth over \$19,000.
- Purchased evidence tracking and barcode reader. This saves officers valuable "On station" time, to process evidence quickly and efficiently to allow them to get back on patrol.

- Numerous equipment upgrades/updates to utilize advanced technology and increase efficiency such as, In car video cameras, AED's and VOIP phone/radio recorder.
- Target-specific enforcement to reduce school bus passing violations and educate the public.
- Online training while on duty to eliminate the costs associated with travel and attending off site training.
- Taking advantage of "in house" police officers who are trained instructors. They can train others thus saving the department in costs associated with utilizing outside companies.
- Utilizing additional vendors for uniforms and equipment to keep costs as low as possible.
- The addition of part-time dispatchers to reduce overtime.

Public Works-Golf, Parks and Cemeteries

- Cross-departmental sharing of equipment.
- Cross-sharing staff with other departments for projects.
- In-house labor for construction (#9 golf hole, trail renovation and repairs, trail installation)
- re purposing materials from other construction (bricks, waste receptacles, plant boxes and bike racks).
- Added local hotel stay and play packages for additional golf revenue.
- Using volunteer help for park and cemetery projects for additional savings.

Service/Fleet

- Built a hydraulically controlled leaf vacuum in-house to test efficiencies. Based on positive feedback from users, we are now purchasing this type of equipment to increase productivity while reducing employee injuries.
- Snow crew teams continue efforts to reduce the amount of salt used including within secondary routes. With the upcoming construction of the brine well, staff has begun experimenting with using larger quantities of brine.
- Work groups are sharing employees as needed to accomplish work tasks. These cross-training opportunities will help with the scheduling of work and task completion.
- Street sweeping is now being contracted to reduce overall costs associated with the program including the purchase and upkeep of machine.
- Monitoring and evaluating the effectiveness of our preferred trash hauler program. As the initial contract winds down, staff and EAB will recommend changes as needed.
- Increased volunteer hours through our Keep America Beautiful program.
- Vacated the Owen Brown Service Yard and moved all items while incurring very little expenses. Work occurred during normal work hours without the use of overtime.
- Mechanics now perform routine maintenance and repairs on Emergency Vehicles and Equipment. Previously this was outsourced.
- Staff decided to test new cutting edges for our salt trucks, resulting in our move towards longer lasting blades.
- Mechanics retrofit salt spinner assemblies on some new vehicles after the OEM equipment did not perform well resulting in more efficient spreading of salt.
- Sign crew replaces signs in an entire neighborhood to be more efficient rather than travel from one area to the next.
- New fuel vendor (Marathon) offers better pricing for fuel reducing city-wide fuel costs.
