Good morning -

As a resident of Woods of Westbrook and frequent user of Hines Hill Road between the Western Corporation Line to Prospect Street, I strongly support the proposal to lower the speed limit from 45 mph to 35 mph.

When our family moved to Hudson from Maryland in 2018, the absence of traffic calming along that specific section of road was surprising to me. It is often driven too fast by a mixture of vehicles ranging from semi-trucks to motorcycles. Attempting to make a left turn from Walters Road onto Hines Hill is challenging and often dangerous. Lowering the speed limit is a welcome first step to creating a safer more inviting driving entrance into downtown Hudson; we would further welcome other traffic calming along this stretch of roadway such as traffic circles at Hines Hill and Walters and Hines Hill and Prospect, as well as developments that occur in between as the area matures.

Sincerely,  
Matt and Christine Neigh  
701 Westbrook Way, Hudson, OH 44236
