Subject: Goals
March 25, 2024

As requested by the City Council, below are the goals of the Hudson Cemetery Board for 2024 and moving forward. It is our wish to continue owning and operating our current cemeteries and continue investigating future needs. We look forward to discussing with Council.

1. Historic Preservation - Continue preservation and repair at cemeteries.
2. Expansion - Review land use at Markillie (including expanding west of St Mary by potentially relocating buildings to Northwest corner of property and expanding lot sales where existing buildings sit.
3. Infrastructure – Continue road paving as needed.
4. Tours – Continue conducting Fall Tour of our cemetery properties so the community sees the extensive repairs that we are achieving and recognize their historic significance.
