

Existing ground sign to be modified

Proposed wall sign

For the sign on the posts "Proposal to remove existing banner and Western reserve church sign and install 50"x106"x0.5" vinyl laid single sided plywood Deeper Life Bible Church signs on existing posts with bottom of sign resting on 16"x128"x30" stone base. 2 signs will be installed, one on each side of the posts. One sign will be facing east. One sign will be facing west. Posts will be cut down to match height on side of posts. Posts can be painted blue to match sign if requested by city. Vinyl will be matte finish background. Sign is approximately 30' from curb of W Streetsboro st. Sign is non illuminated but does have flood lights shining on sign."

"Side angle to show posts will be cut down to 39.65" to match side height of sign. Current post height is 60". After sign posts are cut down, posts will be repainted white. Post tops will also be painted white. If requested, posts can be painted red or blue to match sign. Sign will rest on stone base and be mounted to posts"
