

Ravenna Street Sidewalk Public Input Summary						
Ref No.	Street Name	In Favor of Sidewalk Project	Comment 1	Side of road preferred	Comment 2	Additional Project Comments
1	Ravenna Street	Yes	Very much on favor	North	This side would allow connection to S. Hayden and connection to Gloria Dei Church on their sidewalk. Then again to the North side of Stow Road heading toward town.	Please put a flashing walk light crossing on Ravenna Street at S. Hayden
2	Ravenna Street	Neutral		South		
3	Ravenna Street	Yes		South		
4	Ravenna Street	Neutral		No Preference	A sidewalk already exists on our property - the North side of Ravenna Street	
5	Ravenna Street	Yes		South		
6	Ravenna Street	No	Neither joggers nor cyclists have been observed to use existing sidewalks from SR 91 to S. Hayden. Does potential use justify the cots?	South	My wife and I are both in our late 70's. Tying to keep the sidewalk clear of snow (if they are on the North side of Ravenna) will be difficult with little benefit to anyone.	<p>When the sanitayr sewer and/or water lines are extended to "Canterbury Crossing" or some other future development, I believe that they will have to be on opposite sides of the street. I believe these new utility lines will be in the same right-of-way as the proposed sidewalks. As such, the planned sidewalks would be destroyed during utility work.</p> <p>As such, it would be waste of funds and effort to install sidewalks prior to these utility improvements.</p> <p>I also believe that installation of sidewalks from the eastern boarder of the city 'flood control' property needs to be put on hold to prevent damage from the many construction vehicles and processes that will be needed for the anticipated housing development.</p>
7	Ravenna Street	Yes	Our street used to be a quiet bike route, now it's a dangerous truck route and dragway. We need pedestrian safety!	North	I'm too old to shovel if it's on my side. My property floods and there is no berm.	How about some street lights? You could make a lot of money if you would photo-ticket by my house where speeders hit the gas!
8	Ravenna Street	No		South		
9	Ravenna Street	No	We don't need one, we are zoned rural land conservation	North		There are 20 telephone poles on the south side of the road...8 on the north side that would need to be moved. There is an open draw pipe on the south side that would need a bridge over it (2170 Ravenna)

Ravenna Street Sidewalk Public Input Summary						
Ref No.	Street Name	In Favor of Sidewalk Project	Comment 1	Side of road preferred	Comment 2	Additional Project Comments
10	Ravenna Street	Yes		South/No Preference	Either One	I'm glad to hear about the storm water work. It's quite bad on the south side of the street after heavy rains.
11	Ravenna Street	Yes	I am a long distance runner and leave from my house oftern. This would be very helpful. My children would also be able to ride bikes to school.	North		We have been waiting 11 years. We are very excited and our children need access to go down the street safely.
