Re: Project Clean Lake Grant Application

Dear Dr. Lehn (Cathi),

As Mayor of Hudson, Ohio, I enthusiastically support the planting of trees as part of the service yard cleanup and reorganization project at the City's service yard facility located at 95 Owen Brown Street, Hudson, Ohio. The trees planned for this project will be of great benefit to both the City and adjacent property owners, as the plantings will screen City operations and materials storage areas from adjacent residential property owners. In addition, the trees will add to the aesthetics of this site far into the future.

Hudson is the headwaters for three watersheds: Brandywine Creek, Tinkers Creek, and Mud Brook. We wish to improve water quality through green infrastructure for us and all of our neighboring communities downstream.

Sincerely,

Mayor Currin (Bill)
City of Hudson
