COPPER CREEK	GRAY/SANDSTONE	IVORY
GLACIER	IVORY	CHARCOAL
YUKON	CHARCOAL	IVORY

UOM	Weight	Pcs / Box	Weight / Box	Boxes / Pallet
EACH	8	8	64	28

Application:

Installed where there isn't room for the nailing strip on top such as under windows. These are installed before the stone panels and then the panels are cut to height and slid in under the wainscot cap.

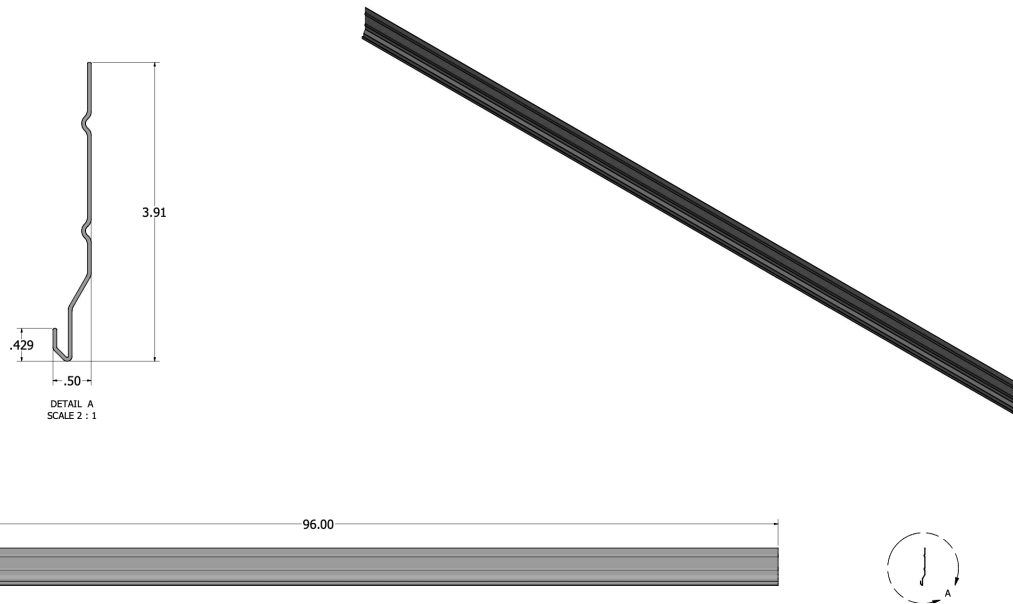

SKU	UOM	WT / PC	HEIGHT	LENGTH
SCAFSS096	EACH	0.375	4"	96"

Application:

The Affinity Starter strip is a non-load-bearing product. Its function is solely to keep the bottom of the first course from pulling away from the wall. When installing your first course, always shim up the panel so it's level and flush with the panel next to it. **NEVER** rely on the starter strip for panel placement.

SKU	COLOR	WEIGHT / KIT
SCAS-CK53-005	Cliff Ledge Column Kit	230
SCAS-CK50-010	Ridge Cut Column Kit	230

Description:

The total kit weight is 230#.

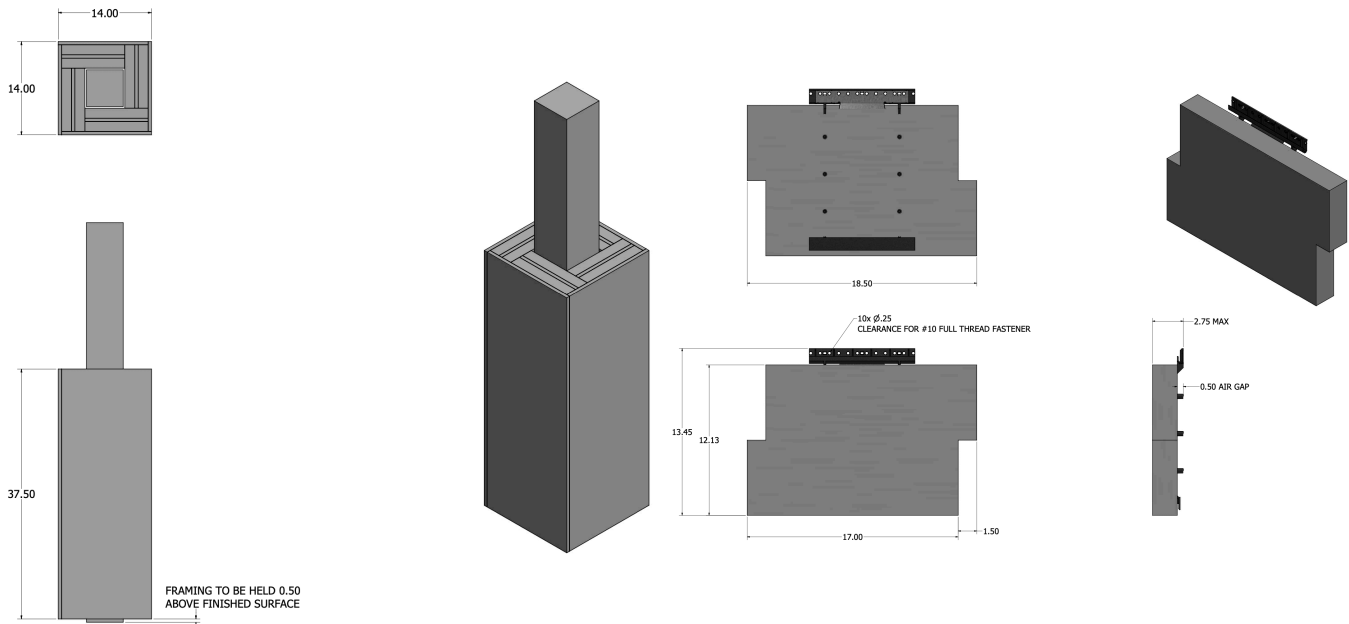

When ordering a column kit, the post size, stone selection, and cap color need to be specified.

Post Sizes Available:

- 4x4
- 5x6, 6x6 (same framing - different cap)
- 5x8
- 8x8

Kit includes:

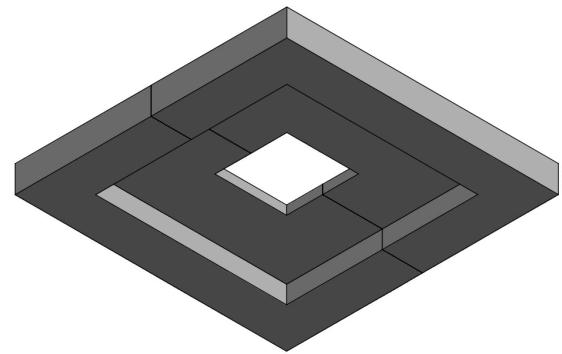

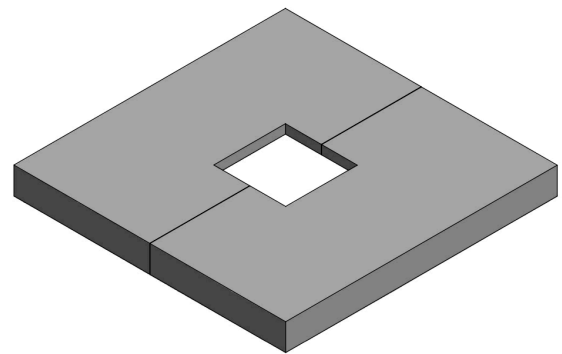

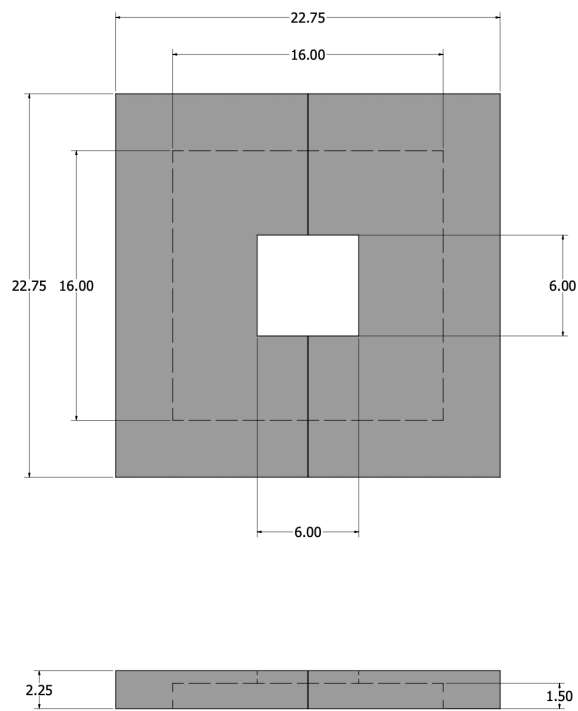

- Framing
- 12 - 7" screws
- Starter Strip
- Stone Panels
- Pre-Cut Cap

Description:

The outside dimensions of the pre-cut cap are all the same for all sizes. The flat surface has an OD of 22" with the texture reaching just beyond that as seen on the measurements below.

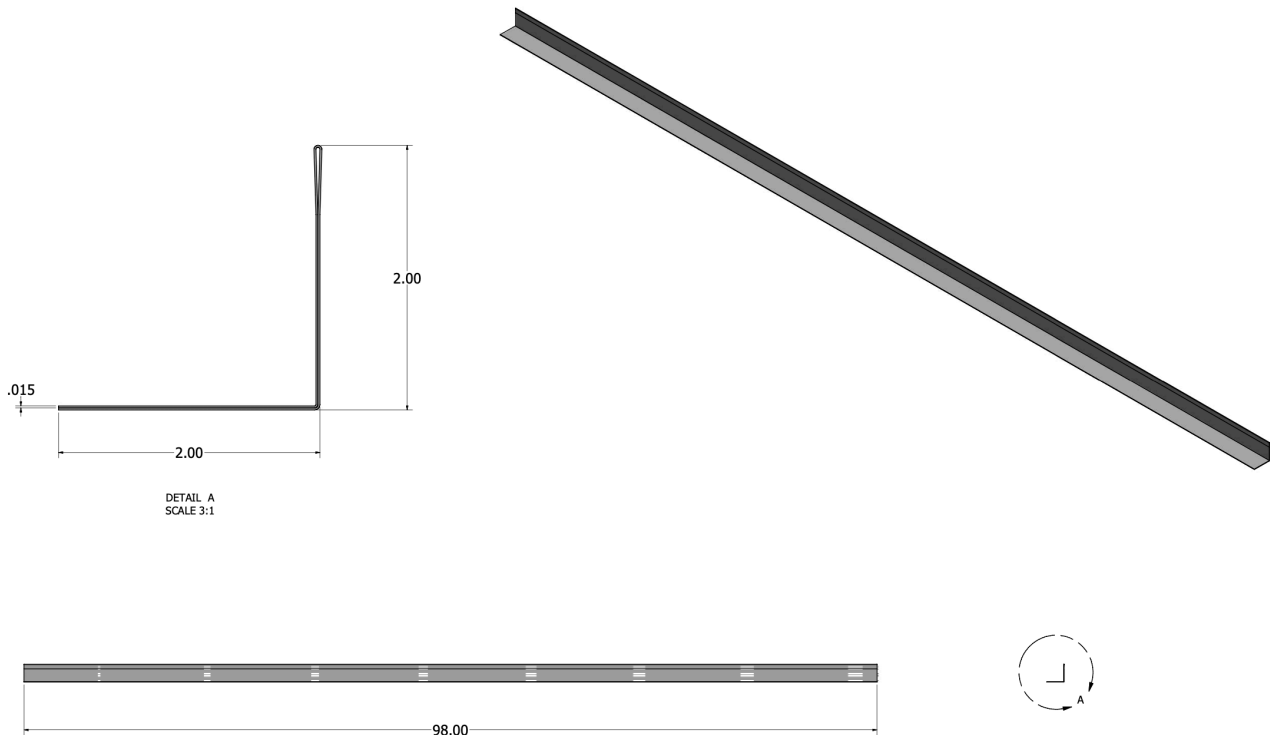

The cutout (for the post) is the only thing that changes. The cap is available in all four accessory colors.

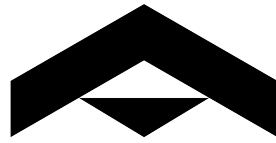

SKU	Color	Description	Length	Weight per piece
SCAF-TR200-098	BLACK	2"X2"	98"	3.4
SCAF-TR201-098	GRAY	2"X2"	98"	3.4
SCAF-TR202-098	STONE	2"X2"	98"	3.4
SCAF-TR203-098	CLAY	2"X2"	98"	3.4

Description:

The Metal Edge Trim is used when rain screen (air gap behind panel) is exposed.
