RE: Approval for Construction of Fence in Easement

Dear Mr. & Mrs. Santos:

Please consider this as approval to allow the construction of a semi-permanent / temporary fence within our sanitary sewer easement along the back of the real property known as Parcel No. 3001992 (NBR 30460044). This approval only serves as a license to utilize the land within the easement. Thus, because the letter serves as a license, it can be revoked at any time. For example, in the event the fence is disturbed by Department of Sanitary Sewer Services staff members, due to repairs, replacement or other activities necessary to ensure the proper operation of the sanitary sewer, **the property owner retains the sole responsibility for all costs associated with the replacement of the fence or said portion thereof.**

You are required to sign and return a copy of this Approval letter to DSSS. Additionally, this letter of approval will be kept on file in our office to ensure that the rights of our department and the responsibilities of the property owner are memorialized and available for reference in the future.

Best regards,

Michael Vinay,
Director
Department of Sanitary Sewer Services

Property Owner hereby acknowledges this Approval Letter:
