**Present** 6 - Mr. Basil, Mr. DeSaussure, Mr. Hanink, Mr. Smith, Dr. Williams, and Mr. Wooldredge

**Absent** 1 - Mr. Kelemen

*Staff in Attendance: Mr. Bales, City Manager; Mr. Schroyer, Assistant City Manager; Mr. Comeriato, Public Works Director; Mr. Graham, EMS Director; Ms. Roberts, Communications Manager; Mr. Sheridan, City Engineer; Mrs. Slagle, Clerk of Council; Mr. Wiedie, Economic Development Director.*

#### 2. Correspondence and Council Comments

*Dr. Williams commented that the Cemetery Board recently offered a tour of the four cemeteries, which he found very interesting, and he thanked Mr. Comeriato for facilitating the tour. Mr. Basil commented that the cemeteries are very well maintained on a slim budget.*

*Mr. Wooldredge said that citizens have contacted him recently, expressing concerns regarding the number of refuse companies in Hudson and the resulting excessive wear and tear to residential streets from trash-hauling truck traffic. He understood that the Environmental Awareness Committee is looking into options for reducing this truck traffic. Other Council members said they had received similar comments from citizens, and there was consensus that in light of the City's current roadway reconstruction and resurfacing program, this is an opportune time to address the issue, in an effort to help preserve the streets. They briefly discussed options and looked forward to the Environmental Awareness Committee's findings. Mr. Bales felt that the Committee will be encouraged with this direction from Council. Mayor Currin commented that this is a controversial issue which has been considered a number of times in the past, and it deserves further consideration.*

*Mr. DeSaussure commented on a recent Board of Zoning and Building Appeals' decision*

regarding a request by KGK Landscaping (Mr. and Mrs. Kenneth Kuryla, 1975 E. Norton Road), for a variance from the requirement to utilize public water in order to have a water well on the property. He said that the property owner is currently not able to access public water due to pending negotiations with the City of Akron, and the BZBA granted a conditional variance, subject to certain restrictions.

Mr. Smith reported on the Park Board's meeting of July 22, 2013. He noted that Ohio Department of Natural Resources grant funding is possible for the Veterans Trail, with the award date anticipated in August 2013. He said that Park Board members expressed concerns about project funding if a grant is not awarded. He announced that the Parks and the MetroParks Serving Summit County will co-host an open house at the Hudson Library & Historical Society from 5 until 7 p.m. on Monday, August 5, 2013.

Mr. Basil said that a Ward 2 Open Forum will be held at 7:30 p.m. on Tuesday, July 30, 2013, at the Barlow Community Center, and he invited interested citizens to attend.

Mr. Hanink commented that the Heritage Home Program is available to Hudson residents with homes at least 50 years old. He said the program is through the Cleveland Restoration Society and offers free consulting services for interior and exterior projects, as well as access to low interest loans for home repair costs. Mr. Wooldredge commented that the Hudson Heritage Association helped initiate this program. Ms. Roberts said that a mailing regarding this program has been sent to residents, and a second mailing is planned, as well.
