Dear Paul,

The Esri Small Utility Enterprise License Agreement (ELA) is a three-year agreement that will grant your organization access to Esri® term license software on an unlimited basis including maintenance on all software offered through the ELA for the term of the agreement. The ELA will be effective on the date executed and will require a firm, three-year commitment.

Based on Esri's work with several organizations similar to yours, we know there is significant potential to apply geographic information system (GIS) technology in many operational and technical areas within your organization. For this reason, we believe that your organization will greatly benefit from an enterprise license agreement.

An ELA will provide your organization with numerous benefits including:

- A lower cost per unit for licensed software
- Substantially reduced administrative and procurement expenses
- Maintenance on all Esri software deployed under this agreement
- Complete flexibility to deploy software products when and where needed

The following business terms and conditions will apply:

- All current departments, employees, and in-house contractors of the organization will be eligible to use the software and services included in the ELA.
- If your organization wishes to acquire and/or maintain any Esri software during the term of the agreement that is not included in the ELA, it may do so separately at the Esri pricing that is generally available for your organization for software and maintenance.
- The organization will establish a single point of contact for orders and deliveries and will be responsible for redistribution to eligible users.
- The organization will establish a Tier 1 support center to field calls from internal users of Esri software. The organization may designate individuals as specified in the ELA who may directly contact Esri for Tier 2 technical support.
- The organization will provide an annual report of installed Esri software to Esri.
- Esri software and updates that the organization is licensed to use will be automatically available for downloading.

- The organization will act as an Esri reference site and will permit Esri to publicize its use of Esri software and services.
- The fee and benefits offered in this ELA proposal are contingent upon your acceptance of Esri's Small Utility ELA terms and conditions.
- Licenses are valid for the term of the ELA.

The terms and conditions in this Small Utility ELA offer are for utilities with a total meter/subscriber count which falls under the applicable tier in the Esri ELA Small Utility Program. By accepting this offer, you confirm that your organization's meter count falls within this range on the date of signature and that you are therefore eligible for this pricing. If your organization's meter/subscriber count does not fall within this range, please confirm your current meter/subscriber count, and Esri will provide a revised quotation.

This program offer is valid for 90 days. To complete the agreement within this time frame, please contact me within the next seven days to work through any questions or concerns you may have. To expedite your acceptance of this ELA offer:

1. Sign and return the signature page of the ELA with a Purchase Order or issue a Purchase Order that references this ELA Quotation and includes the following statement on the face of the Purchase Order: "**THIS PURCHASE ORDER IS GOVERNED BY THE TERMS AND CONDITIONS OF THE ESRI SMALL UTILITY ELA, AND ADDITIONAL TERMS AND CONDITIONS IN THIS PURCHASE ORDER WILL NOT APPLY.**" Have it signed by an authorized representative of the organization.
2. On the first page of the ELA, identify the central point of contact/agreement administrator. The agreement administrator is the party that will be the contact for management of the software, administration issues, and general operations. Information should include name, title (if applicable), address, phone number, and e-mail address.
3. In the purchase order, identify the "Ship to" and "Bill to" information for your organization.

7.0—ADMINISTRATIVE REQUIREMENTS

7.1 OEM Licenses. Under Esri's OEM or Solution OEM programs, OEM partners are authorized to embed or bundle portions of Esri Products and Services with their application or service. OEM partners' business model, licensing terms and conditions, and pricing are independent of this ELA. Licensee shall not seek any discount from the OEM partner or Esri based on the availability of Enterprise Products under this ELA. Licensee shall not decouple Esri Products or Services from the OEM partners' application or service.

7.2 Annual Report of Deployments. At each anniversary date and ninety (90) calendar days prior to the expiration date of this ELA, Licensee shall provide a written report detailing all Deployments to either (a) Esri if Licensee is located in the US or (b) Authorized Distributor if Licensee is located outside the US. The report will be subject to audit.

7.3 Renewal. Any follow-on ELA will be offered in accordance with then-current ELA pricing and license terms and conditions.

8.0—ORDERING, ADMINISTRATIVE PROCEDURES, DELIVERY, AND DEPLOYMENT

8.1 Orders, Delivery, and Deployment

- a. Licensee shall issue an Ordering Document upon execution of this ELA and annually thereafter in accordance with the ELA Quotation. Payment

shall be due and payable within thirty (30) calendar days of the anniversary date of the Effective Date, with the initial payment due within thirty (30) calendar days of execution of this ELA. Esri's Federal ID Number is 95-2775-732.

If requested, Esri will ship backup media to the ship-to address identified on the Order, FOB Destination, with shipping charges prepaid. For those entities that avoid sales tax by downloading deliverables, request for delivery or receipt of tangible media may cause license fees to be subject to taxes. Licensee acknowledges that should such taxes become due, Esri has a right to invoice, and Licensee agrees to pay any such sales or use tax associated with its receipt of tangible media.
- c. Esri shall provide Authorization Codes to activate the nondestructive copy protection program that enables the Enterprise Products to operate.

Licensee shall notify Esri and, if applicable, its Authorized Distributor in writing in the event of (i) a consolidation, merger, or reorganization of Licensee with or into another corporation or entity; (ii) Licensee's acquisition of another entity; or (iii) a transfer or sale of all or part of Licensee's organization (hereinafter subsections i, ii, and iii collectively referred to as "Ownership Change"). There will be no decrease in the ELA Fee as a result of any Ownership Change.

9.1 If an Ownership Change increases the cumulative meter or customer count beyond the maximum level for this existing ELA, Esri and, if applicable, its Authorized Distributor reserve the right to increase the ELA Fee to the next higher ELA Fee level that applies to the new cumulative meter or customer count. In the event the Ownership Change increases the cumulative meter or customer count beyond the limits of this ELA, Esri and, if applicable, its Authorized Distributor have the option to terminate this ELA and the parties will negotiate a different agreement.

9.2 If an Ownership Change results in transfer or sale of a portion of Licensee's organization, that portion of Licensee's organization shall uninstall, remove, and destroy or transfer the Enterprise Products to Licensee.

9.3 This ELA may not be assigned to a successor entity as a result of an Ownership Change unless approved by Esri and, if applicable, its Authorized Distributor in writing in advance. If the assignment to the new entity is not approved, Licensee shall require any successor entity to uninstall, remove, and destroy the Enterprise Products, and this ELA will terminate upon such Ownership Change.
