## The Best Value In Solid Hardwood Doors

### Exterior Front Entry Wood Doors with Glass

Allegheny Wood Works offers elegant, unique front entry wood doors with glass in a variety of species and styles. Our combination of skill, experience, and modern technology, together with a craftsmanship and style from the past, allows us to create durable, beautiful, and high quality exterior doors at affordable prices. Our multitude of species and design options lets you customize your doors to perfectly fit your home or office.

Our solid wood exterior wood doors are specifically designed and manufactured to contain a glass element. You can check out our [Custom Wood Door](#) page for more door options.

Prices shown below are for 6/8 (80-inch tall) door slabs only (for 7/0 doors add \$75, for 8/0 doors add \$150). For pre-hung doors, go to the [Exterior Pre-hang](#) page and add that amount to the slab door price. Prices are for African Mahogany (Sapele Mahogany = price x 1.15), Cypress, and White Oak Doors with clear insulated glass. Other obscure glass options are also available. All designs are available in Raised Panel or Mission Flat Panel. Specify panel and profile type when ordering. View all of our [glass door options](#).

[+ Read More](#)

### Custom Doors from Allegheny Wood Works

Allegheny Wood Works offers you the ability to customize your doors, with a wide range of design and specie options. Whether you’re looking for doors for your home, office, or another space, you can count on Allegheny to come through with quality products and customer service. We’ll work directly with you throughout the entire process to ensure you get exactly what you’re looking for at an affordable price and in a timely manner. Read more below about all of our different design options, and let us know when you’re ready to move forward with customizing the perfect door to enrich the beauty of your home or office.

# Doors With Glass

(To view a color photograph of a door design, click on the thumbnails below)

## How to Buy

For your convenience we offer three ways to get a quote for your door purchase:

1. Use our [RFQ Form](#) to email a detailed door request.
2. Download our [PDF](#), print and complete and fax or mail your request.
3. Call us during business hours. [\(814\) 334-8986](#)

## About Our Photographs

When you click on one of the line drawings to the right, you will see large pictures of unfinished doors that were pulled directly from our production line to give you an idea of how our doors look. Please remember that since wood is a natural product, variations in color, grain, and texture will occur. Regardless of the type of wood shown in a particular design picture, all designs are available in all species of wood that we sell.

## SMI 1.5" Mechanical Seam Standing Seam

### Panel Information:

Panel Type:	Standing Seam
Panel Seam:	Mechanical
Panel Width:	16"
Seam Height:	1.5"
Panel Material:	22 GA - 24 GA Min, .032 - .040
Panel Surface:	Smooth / Embossed Optional
Panel Clip:	Required Per Engineering
Minimum Slope:	2/12
Substrate:	Plywood, B-Deck, B-Deck w/ISO

### Panel Testing:

Uplift Resistance:	UL 580, UL 1897, UL 90
Air Infiltration:	ASTM E 1680
Wind Driven Rain:	TAS 100
Water Penetration:	ASTM E 1646
Water Submersion:	ASTM E 2140
Hail Rating:	Class 4 Impact UL 2218
Fire Rating:	UL Class A
Texas Department of Insurance Approval:	RC-386 *, RC-395 *, RC-397 *
FBC HVHZ & Non-HVHZ Approval:	FL18316

### Panel Notes:

- With this panel engineering, you may opt to use heavier gauge coil and narrower width panels. Clip spacing will not change.
- For slopes lower than a 2/12 roof pitch, contact SMI Technical Department for further installation requirements.
- Maximum coil width for engineered systems is 20."
- This panel uses 4" of material to form the panel.
- Divide the coil width by the panel width to determine your roof multiplier. Take the square footage of the roof and multiply that by the roof multiplier to determine the amount of coil needed to manufacture the panels. This does not include estimated waste.
- Clip Relief, Bead Ribs, Striations, and Pencil Ribs do not affect the engineering or function.
- This panel is approved for Weathertight Warranties.

Oil canning is an aesthetic issue and is an inherent part of light gauge cold formed metal products. By using coil that has been processed properly, designing for thermal movement, following stringent specifications for installation and proper handling most oil canning can be minimized. Oil canning is not grounds for coil/panel rejection.

- All of Sheffield's CoolR® metal is painted with a .20 mil primer and .70 - .90 mil Top Coat of 70% PVDF resin based coating. The reverse side has a .20 primer and .30 - .40 backer coating.
- Cor-Ten AZP Raw®, metallic, and textured products are directional.
- For low slope roofing to meet LEED V4.1 requirements, the initial SRI must be ≥ 82 OR the 3-year SRI must be ≥ 64. For steep slope roofing to meet LEED V4.1 requirements, the initial SRI for 75% of the roof must be ≥ 39 OR the 3-year SRI must be ≥ 32.
- Low slope is defined as ≤ 2:12. Steep slope is defined as > 2:12.
- Materials should be stored in a cool, dry place. Materials with PVC film on project sites should be used immediately or stored in a climate-controlled setting. PVC film must be removed prior to installation.
- **Anything not noted in the Availability Matrix can be painted, regardless of width, substrate, or thickness; however, it would be subject to a minimum paint run and would need to meet standard custom order criteria.**

- = Stocked Item
- = Available from Atlanta location only
- ▲ = Available on Custom Order Basis
- L = LEED V4.1 Compliant
- ISR = Initial Solar Reflectance
- EMI = Emissivity
- SRI = Solar Reflectance Index

Colors shown are matched as accurately as possible, but may vary slightly from the finished product. These rich and vibrant colors are produced with PVDF resins, which provide superior color retention and allow Sheffield Metals to offer non-prorated coating warranties for most applications. Touch-up should only be done with a Sheffield Metals color-matched PVDF air-dry paint pen.

Galvalume® is a registered trademark of BIEC International Inc. Coating warranty varies for CoolR® Moonstone, Matte Black, Copper, Champagne, Silver, and Pre-Weathered Galvalume. Please contact your representative for more information. Steelscape's Vintage carries a 20-year Finish Warranty. Vintage is a dynamic finish that changes with the light where batch-to-batch and directional variations can occur. For more information, please visit [steelscape.com/vintage](https://steelscape.com/vintage).

## CARRIAGE HOUSE WOOD

*Custom wood, Custom stained finish, Custom windows*

# stunning handcrafted wood doors

## Architectural details for homes of distinction.

Wayne Dalton's wood doors combine the convenience of modern sectional doors with the classic appearance of swing-open carriage house style wood doors. Our Amish craftsmen in Mt. Hope, Ohio, and our wood artisans in Centralia, Washington, hand-build beautiful wood doors to your specification with thorough attention to every detail.

As one of the largest makers of wood garage doors, we make a point to be involved in the complete life cycle of every wood door. We offer several premium wood options for our customers to ensure overall beauty and ensure the highest quality.

No matter what type of wood you choose, the result is a fine quality, beautiful wood door with many years of reliable performance. Hemlock makes a superb painting surface. It is an exterior grade material, highly resistant to rot and insects. Mahogany has a tight smooth grain and is naturally weather resistant. Since each type of wood is different, your door will be uniquely yours.

## DOOR CONSTRUCTION

### STANDARD CONSTRUCTION

Models 7100-7105

#### Paint or stain grade, insulation optional.

Up to 1-5/8" thick rail and stile construction with panel inserts.

### PREMIUM CONSTRUCTION

Models 7400-7412

#### Paint or stain grade, insulation standard.

2" four-layer construction.\* Polystyrene insulation provides an R-value of up to 4.75.

\*Thickness may vary slightly depending on wood type

# Pella® Reserve™

## Traditional Wood & Clad/Wood

Exquisitely designed windows and doors with unparalleled historical detailing.

Double-Hung Interior

Double-Hung Exterior

- **Easy-to-learn Pella Steady Set™ interior installation system**

Pella Steady Set Interior Installation System is a revolutionary, award-winning and safer way to install new construction windows.<sup>1</sup> The simple system is the fastest, most labor efficient wood window installation system with uncompromising quality.<sup>2</sup> Available on select windows.

- **Historical Details**

Our most historically authentic line of wood windows and patio doors. Featuring through-stile construction, deliberate proportions and intricate profiles. Pella Reserve – Traditional products are the ideal choice for historical renovations and traditional building projects.

- **Authentic hardware**

Complement your project with historically authentic spoon-lock window hardware. Our Antiek casement window hardware is inspired by period furniture to deliver authentic traditional style.

- **Architectural interest**

Pella's Integral Light Technology® grille helps capture the look of true-divided-light without sacrificing energy performance. Further your aesthetic with the putty profile, recreated with historically accurate angles to provide meaningful depth and a realistic shadow. Pella Reserve products offer the industry's deepest sash dimension.

- **Virtually unlimited customization**

If you can dream it, we can build it with our most customizable product line. From extra tall to extra wide, Pella can craft unique windows that complement your aesthetic. Custom sizes, grille patterns and designs, finishes, wood types and glass options are available.

- **Tailor-made solutions**

From preliminary drawings to installation, Pella's expert team of architects, engineers, drafters and consultants can work to deliver custom window and door solutions for your project. Partner with Pella to achieve your unique vision without concessions.

- **Intentional innovation**

The award-winning Integrated Rolscreen® retractable screen preserves aesthetics and the view. It is a double- and single-hung screen that appears when you open the window and rolls away, out of sight, when you close it.

- **Durable interiors and extruded aluminum exteriors**

To help save you time on the jobsite, interior finish options are available in a variety of paints and stains, or primed and ready-to-paint. To complement your exterior aesthetic, choose from our carefully curated color palette or define your own custom color for your project.

- **ENERGY STAR® certified<sup>3</sup>**

Pella wood products offer energy-efficient options that will meet or exceed ENERGY STAR guidelines in all 50 states.

- **Testing beyond requirements**

All wood products and testing are not created equal. Pella raises the bar on industry standard testing and beyond to deliver long-lasting products and reduced callbacks. Every Pella wood window and door passes 5, on average, quality checks before it arrives on the jobsite.

- **Best limited lifetime warranty<sup>4</sup>**

Pella Reserve products are covered by the best limited lifetime warranty in the business for wood windows and patio doors.<sup>4</sup>

Available in these window and patio door styles:

Special shape windows also available.

<sup>1,2,3,4</sup> See back cover for disclosures.

Screens

Rolscreen®

Rolscreen soft-closing retractable screens roll out of sight when not in use. Available on casement windows.

Integrated Rolscreen®

A concealed retractable screen that moves seamlessly with the sash of a single- or double-hung window — appearing when you open the window and rolling out of sight when you close it.

TuffScreen® by Phifer®

The TuffScreen® is 2.5x stronger than a standard screen.<sup>8</sup> It is tear, puncture and damage resistant, standing up to pets, children and harsh weather. Available on sliding patio doors.

\*All trademarks are property of their respective owners

Flat

InView™ screens are clearer than conventional screens and come standard.

Pella

LIMITED

LIFETIME WARRANTY

The Best Limited Lifetime Warranty in the Industry

We know your reputation matters and you stake your reputation on quality, dependable products. That's why we have the best limited lifetime warranty in the industry for wood windows and patio doors.<sup>2</sup>

<sup>1</sup> Some Pella products may not meet ENERGY STAR® guidelines in Canada. For more information, contact your local Pella sales representative or go to [energystar.gc.ca](https://energystar.gc.ca).

<sup>2</sup> Based on comparing written limited warranties of leading national wood window and wood patio door brands. See written limited warranty for details, including exceptions and limitations, at [pella.com/warranty](https://pella.com/warranty) or contact Pella Customer Service.

<sup>3</sup> Ratings are contingent on product configurations.

<sup>4</sup> Color-matched to your product's interior and exterior color. Offering may vary by product type. See Pella sales representative for details.

<sup>5</sup> Flush multi-slide handle is a Pella exclusive design.

<sup>6</sup> Flush multi-slide handle is not available in Champagne.

<sup>7</sup> EnduraClad Plus protective finish is not available with all colors. See your local Pella sales representative for availability.

<sup>8</sup> Based on the composite results of a 5-panel strength analysis comparing TuffScreen and standard screening.
