Subject: FW: Letter to Jane Howington re Metro RTA

Thom,

The City of Stow has no objection to converting the existing railroad line from Springdale Road to Season Road to a trail.

Please verify the City of Hudson's intentions to the City of Stow as Metro RTA and the communities to the south all agree that the railroad line should be converted to a trail.

Thanks,
Jim

Dear Mary,

Thank you for sending this letter to us for the rail to trails initiative along the Veterans Trail Corridor. Just to clarify in the last paragraph, we assume the City of Stow has no objection to converting the existing railroad line from Springdale Road to Seasons Road to a trail? If someone can confirm this in an email, that would be fine.

Please take care and stay well!

Thank you.

Thomas Sheridan
Asst. City Manager – Professional Services
