A MOTION TO APPOINT A CITIZENS AD HOC COMMITTEE TO PROVIDE A RECOMMENDATION TO CITY COUNCIL REGARDING THE PROPOSED CONNECTIVITY PLAN.

Council members discussed the merits of establishing this advisory committee. All Council members were opposed to the proposed motion for various reasons, including the committee size, timing, and the need for additional citizen input, considering the citizen input already received regarding the Parks Master Plan and the Safe Routes Hudson Plan. Council members discussed the scope of these plans, as well as the Connectivity Plan proposed by staff, which coordinates long-term connectivity concepts, including sidewalks, trails, and multi-purpose paths throughout the community. Also discussed was the need for Council evaluation of funding priorities. Mr. Basil supported establishing an advisory committee, proposing that it would consist of four to five citizens, three Council members, and staff members; and the committee would be directed to review the proposed Connectivity Plan and provide a recommendation to City Council in time for their upcoming budget discussions.

The topic of establishing an advisory committee will be discussed further at the August 27, 2013, workshop.

A motion was made by Mr. Kelemen, seconded by Mr. Hanink, that in the interest of advancing the connectivity discussion, City Council appoint a citizens ad hoc committee, consisting of ten citizens and three Council members, that would report back to Council by November 1, 2013, with comments on the existing connectivity plan. The motion failed by the following vote:

Nay: 5 - Mr. Kelemen, Mr. Smith, Mr. Basil, Mr. DeSaussure and Mr. Hanink
