Mayor Anzevino opened the public hearing at 7:32 p.m.

Ms. Elisa Poggi, 1230 Hunting Hollow Dr., stated that she agreed with the Planning Commission recommendation to remove kennels from all districts except 6 and 8; there should be more discussion on the 500 foot setback to consider noise and traffic, especially school busses at pick-up and drop-off times.

Ms. Jamie Dalton, 1410 E. Hines Hill Rd., requested that sensible restrictions be in place for businesses and homes to peacefully co-exist. Her concerns were about home value decline due to perception of the proximity to kennels, environmental issues, noise, and smell. She requested that the setback distance be increased, sound barrier considerations, limits of the number of dogs, inspections, and a review of compliance history.

Dr. Ram Donthi, 6945 Hunting Hollow Lane West, raised concerns about the noise levels and cited OSHA standards, as well as contagious diseases and tax payer costs for enforcement.

Mr. Foster stated that he put this ordinance forward because of concerns with blending businesses and homes and thanked residents for coming.

Mr. Banweg thanked a speaker for addressing school busses at the same pick-up and drop-off times as those who are boarding dogs.

There being no further comments, Mayor Anzevino closed the public hearing at 7:45 p.m.

Mr. Banweg noted that there were ample opportunities to comment and most of the Councilmembers spoke at the Charter Review's public comment.

Mr. Foster commented that the process is straightforward and gives the community direct involvement, every 5 years. He also stated that Council could have placed competing issues on the ballot with 5 votes of Council, but chose not to.

He stated that staff would reach out to the Nicholson Drive residents, following the same approach used in previous areas, with hosting a public open house followed by sending out petition forms. Mr. Sheridan then asked Council if they wished to match previous contributions by offering the 25% towards the cost like the other areas plus the grant for a total City contribution of 47% or to proceed with just the grant funding. He stated that if residents declined participation, the grant would be redirected to the waterline installation along Hudson Drive.
