City of Hudson  
27 East Main Street  
Hudson, OH 44236

Attention: Thomas Sheridan, City Engineer

Subject: Interstate Maintenance Agreement

Dear Mr. Sheridan:

Attached are two (2) forms of Consent Legislation for Interstate maintenance within the city. Per Section 5521.01 of the Ohio Revised Code, the Director of Transportation is required to request and receive legislation from municipalities prior to maintaining or making repairs to portions of the state highway system within the corporate limits. This legislation is intended to make explicit ODOT's authority to enter into the city to maintain the interstate. Secondly, the legislation will also eliminate the need to seek consent legislation for individual interstate maintenance projects in the future. ODOT frequently uses these contracts to perform mowing, guardrail repair, striping, signing and other maintenance items on the interstate.

Please have both originals of the Legislation signed, and then return both to this office for further processing. Once they are signed in the District, one copy will be returned to you for your records. This legislation may be re-typed to suit local preferred format, however, no information may be deleted from the legislation, and the Certificate of Copy, State of Ohio must be returned signed and containing a line for the Director of Transportation's signature. We would appreciate receiving this legislation by June 30, 2013.

Your cooperation is greatly appreciated in this matter. Should you have any questions, please feel free to contact me at (330) 786-4921.

Respectfully,

James G. Kinnick, P.E.
