Anderson House
290 North Main Street
Hudson, OH 44236

Note: This home is located within the historic district, constructed circa 1933 and designed by local Hudson architect Max Montgomery.

Project Scope:

Upper Floor:

- No new area added at this level
- Remodeling includes a reconfiguration of existing UF Bathroom and a reconfiguration of the existing UF Master bedroom (separated into two smaller children's bedrooms)

Main Floor:

- Approximately 520 sf +/- new area added at this level
- Addition includes new Service Entry, Mud Room, Laundry, Kitchen, Pantry, and Dining space with access to an outdoor patio
- Remodeling includes a reconfiguration of existing Kitchen + MF Office into a MF Master Suite with Master Bedroom / Bath and WIC.
- Remodeling also includes converting existing Sunroom space into a Library open to the existing Living Room
- New stair provided (leading to lower floor finished space)

Lower Floor:

- Approximately 520 sf +/- new area added at this level
- Addition includes new Play Room and Bath
- Remodeling includes converting an existing unfinished Storage area into an Office space.
- New stair provided (Existing stair abandoned)

General Items:

- Update to Central Air (existing steam radiator system)
- Update existing electrical
- All new windows to match the existing windows (considering replacement of existing windows with new windows to match)
- All new roof and gutters to match existing (considering replacement of existing roof and gutters to match)
- New connection to sewer at street (abandon existing septic)
- Note: All new exterior finishes and details shall match the finishes and details at the existing house

TRADITIONAL TREATMENT

SURFACE ONLY

AuraLast™

SURFACE TO CORE

Traditional treatments cover just the surface. AuraLast penetrates to the core using a proprietary vacuum-pressure process.

EASY ON THE ENVIRONMENT

Water-based process releases up to 96 percent fewer volatile organic compounds (VOCs) during the manufacturing process than traditional solvent-based methods.

WET WEATHER PROTECTION

Whatever the climate, AuraLast® pine protects against water damage and rot like no other. Whether it's humidity, storms, or dampness, AuraLast® pine stands up to the rigors of wet weather.

TERMITE PROTECTION

Termites can be devastating to windows and doors, but not to those built with AuraLast® pine. It safely and effectively repels termites, preserving the beauty of your investment.

A SMART SOLUTION EVERY TIME

JELD-WEN® W-2500™ wood windows and patio doors enhance homes with beauty and energy efficiency. They are engineered to provide dependable performance, backed by a 20-Year Limited Warranty. Select an aluminum-clad exterior in your choice of color, or choose an optional wood exterior for a historical look. All of our wood windows and patio doors are constructed with AuraLast® pine, which helps protect against rot, water saturation, and termites. Select styles are also ENERGY STAR® certified.

Landmark® PRO

Designer Roofing Shingles

The Expert's Choice

Landmark PRO improves upon the reliable CertainTeed Landmark shingle and is designed specifically for the professional roofing contractor that takes pride in providing more to their customer. We started by adding more weathering asphalt to the industry's toughest fiberglass mat to provide more protection. Then we incorporated our Maximum Definition color blend technology to give the product more vibrancy on the roof.

Max Def Colors

Look deeper. With Max Def, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty of your roof shines through.
