## DIBIASIO Pergola – PROJECT AREA

## DiBiasio – Pergola – Hot Tub – Details

\*\* Outlined below are some details for the Pergola/Hot Tub plans.

1. 3 trees will be planed (Abor/Hemlock) to block/obstruct view to the Pergola and Hot Tub area
2. The Pergola will be painted white to match the house color.
3. There will exist a set of decorative white planks, boards, or something similar to create an obstruction to view.
4. The deck will be inset on the deck making it part of the deck structure.

## OPTION #1:

### Cape Cod Shake Shingle Privacy Wall

Painted color of deck, or painted white to match house. We prefer this look to the other options below. We feel this option will tie in nicely with the style of home (colonial) plus provide a nice look to the pergola and give us the desired privacy we are looking for.

### WITH TREES BEING PLANTED

OPTION #2

Privacy boards/slats/panels painted white

OPTION #3
