He shared that Mr. Carse is considering purchasing the Morning Star property from Mr. Steidl, which would open up more than 40 acres for development. He said that such development would impact traffic on State Route 91 and is a major concern for area residents, he urged City Council to consider preserving these properties as park land, noting mineral and gas rights. He said that Mr. Steidl had wanted to farm the property, but the City would not allow this use under current zoning.

Mr. Janik also spoke in opposition to the current fertilization program for the public greens, and he urged the City to discontinue use of harmful chemicals on public properties.

Mrs. Sue Lynch said that she and her husband are partial owners of LifeCenter Plus, and she spoke regarding the Community Reinvestment Area application currently before City Council, (Resolution No. 16-160).
