### 1. Call to Order

**President of Council DeSaussure called to order the workshop meeting of Hudson City Council at 7:29 p.m.**

**Present** 6 - Mr. DeSaussure, Mr. Hanink, Mr. Kelemen, Mr. Smith, Mr. Weinstein and Dr. Williams

**Absent** 1 - Mr. Wooldredge

*Staff in Attendance: Ms. Howington, City Manager; Mr. Comeriato, Assistant City Manager for Operations; Mr. Hutchinson, Assistant Public Works Director; Mr. Leiter, Production Assistant; Mr. Spivak, Assistant Public Works Superintendent; Mr. Wash, Assistant Public Works Director.*

### 2. Correspondence and Council Comments

*Mr. Kelemen received a letter from a resident in regards to truck traffic along Ravenna Street. He asked for Council direction on how to respond to the resident. This item will be referred to the Traffic Committee for discussion at their meeting in March.*

*Mr. Kelemen reported that at the recent Tree Commission meeting, members discussed the timing of items being received from the Planning Commission, specifically the Lake Christine tree clearing. The Tree Commission would like to receive these items at least one week prior to their meeting so they can visit the site. Discussion was also held regarding the add alternate item that is going to be included in the SR 91-Downtown Corridor Project regarding the medium that will be used in the tree planters. Once the bids are received, they would like to have the opportunity to further discuss with Council as to why they would like this item awarded. They would also like Council to reconsider who is responsible for the Downtown planters, they don't feel that this should be the responsibility of the Tree Commission. They would also like some guidelines as to when the Tree Commission should be consulted before trees are cut down.*

*Mr. Kelemen reported that at the recent Environmental Awareness Committee, members discussed signage and lighting at the recycling site, and after hours access. On April 21, 2015, there will be a rain barrel workshop at the Barlow Community Center.*

*Mr. Hanink reported that at the recent Golf Advisory Board Meeting, members discussed the golf course financials, which are in good standing. Member Dave Konefal also announced his resignation.*

*Mr. Weinstein reported that at the recent Ward 2 forum concerns were expressed regarding the location of the recycling center and water quality.*

**Executive Summary:** As a component of Council providing for the designation of a preferred refuse hauler by contract with the City for Hudson residents to consider using, City Council also requested that all refuse haulers licensed to operate in the City be limited to performing solid waste and recycling collections operations on only certain days of the week and within defined geographic areas.
