### Legislative History

None

### Purpose & Explanation

The City of Hudson is eligible for up to \$40,000 every three years in safety intervention grant funding. The City of Hudson's Service Division regularly rents a trench box to safely excavate for storm sewer work. The grant would allow the City of Hudson to purchase a trench box using funds from the Bureau of Worker's Compensation. The Safety Intervention Grant is a 3 to 1 match. The trench box is estimated at approximately \$12,000, thereby requiring approximately \$3000 in matching funds from the City of Hudson. Staff has included this item in the 2017 proposed budget.

### Timing Considerations

The grant cycle ends on Dec. 31, 2016.

### Fiscal Impact

Currently Budgeted

Supplemental Appropriation Required

Appropriation Not Required.

**Suggested Action**

Staff recommends that City Council approve the City Manager, or her designee's, application for a Safety Intervention Grant on behalf of the City of Hudson Service Division for a trench box.
