Legislative History

None.

Purpose & Explanation

The State of Ohio is providing a new funding program to perform bridge inspections and other services on Municipal bridges within the City of Hudson, Ohio at no charge to the city.

The program services include, but are not limited to, scour assessment tasks, bridge load rating tasks, structure inventory and review, inspection procedures, and bridge inspections as identified within PID 102554 by the State of Ohio Department of Transportation.

The State of Ohio shall assume and bear 100% of all the cost for the Bridge Inspection Program (PID 102554) requested by the City and agreed to by the State of Ohio.

The City of Hudson as local public agency (LPA) agrees to pay 100% of the cost of those items which are not included. However, we believe we will not need additional inspection services outside of the scope of services that are provided, hence no additional cost to the City. Please note, the City normally spends \$9,000/year for

the bridge inspections.

The LPA agrees that all right-of-way required for the described project will be made available in accordance with current State and Federal regulations.

Timing Considerations

Upon authorization to proceed by the City Council, the administration will enter into an agreement with ODOT to perform the above work for 2017-2019.

Fiscal Impact

- ☒ None
☐ Supplemental Appropriation Required
☐ Appropriation Not Required.

Suggested Action

Staff recommends that City Council approve this Resolution authorizing the City Manager to enter into an agreement with ODOT to perform Municipal Bridge Inspections within the City of Hudson, Ohio. This Resolution is hereby declared to be an emergency measure necessary for the preservation of the public peace, health, safety, convenience and welfare of the City of Hudson, Ohio and the inhabitants thereof, for the reason that it is immediately necessary to permit timely and appropriate development of this bridge inspection program.
