

City of Hudson, Ohio

Staff Report With Text

File #: 15-0090 **Version:** 1 **Name:**
Type: Staff Report **Status:** Filed
File created: 8/6/2015 **In control:** City Council Workshop
On agenda: 8/11/2015 **Final action:** 8/11/2015

Title: Discussion: City Council Update Regarding the Current Status of the Turnpike Trail Sections R & T of the City's Connectivity Plan.
 Executive Summary: The Assistant City Manager has been working with city staff and First Energy (FE) representatives to negotiate the use of the FE pole line easement along the northern side of the Ohio Turnpike from Aurora Street to Prospect Street for the installation of a trail as part of the City's Connectivity Plan. Staff will present a brief update on the current status of this project.

Discussion: City Council Update Regarding the Current Status of the Turnpike Trail Sections R & T of the City's Connectivity Plan.

Executive Summary: The Assistant City Manager has been working with city staff and First Energy (FE) representatives to negotiate the use of the FE pole line easement along the northern side of the Ohio Turnpike from Aurora Street to Prospect Street for the installation of a trail as part of the City's Connectivity Plan. Staff will present a brief update on the current status of this project.

Legislative History

Resolution No. 14-12, adoption of the Connectivity Plan, passed on February 19, 2014.

Purpose & Explanation

With there being various challenges in constructing a pathway along the Ohio Turnpike, it was determined that the north side of the Turnpike would work best for sections R & T of the City's Connectivity Plan, which are considered "high priority" in the overall Plan.

With there being both Hudson Public Power and FE electric easements located on the north side of the turnpike, staff was asked to work with FE to review and discuss the possibility of using the FE easement to install the walkway in a way which might benefit each party.

Staff has initiated the first onsite meetings with FE representatives and wishes to report the current status of the proposed project to City Council members. Please see attached reference maps.

Timing Considerations

N/A

Fiscal Impact

Currently Budgeted

Supplemental Appropriation Required

Appropriation Not Required.
