

# 2023 City of Hudson Community Survey Executive Summary

The chart below shows the Priority Investment Rating for each of the amenities that were assessed on the survey.

## Investment Priorities for City Services

**Recommended Priorities for the Next Two Years.** In order to help the City identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance that residents placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with City services over the next two years. If the City wants to improve its overall satisfaction rating, the City should prioritize investments in services with the highest Importance-Satisfaction (I-S) ratings.

## Q18. Maximum Amount Households Would be Willing to Pay Annually for Desired Amenities at a Community/Recreation Center

by percentage of respondents (excluding “not provided”)
