

# Peninsula

**Village Dental**  
Planning Commission

Nick Sugar  
City Planner

December 2, 2025

Dear Nick,

After some additional discussions about the Village Dental Project, we are formally requesting that the project's review be moved to the January Planning Commission Agenda. In the meantime, further discussions and meetings will be scheduled with the City Planner, City Arborist, City Engineer, Architect, Civil Engineer, and Owners to further explore the landscaping, bio retention, and grading of the site.

Sincerely,

Joseph Matava  
Principal – Director of Design
