Summit Rental property, Hudson Library

Americas's Favorite Doors®

#### Detailed Explanation of Project\*

Current garage doors were installed in 1999. They are dented and sometimes the right door will not close entirely. We would like to replace these metal doors with doors that more closely align with the style of the home, are better insulated, and close reliably and safely.

#### After Image

#### Before Image

The options included in this application when you select a stock image represent the most common size doors. If you do not see the specific size or design you need, please consult your local dealer or retailer for more information. Size, actual door, and certain designs may vary from screen presentation.

No Hinge

#### Faux Wood Composite

Faux wood composite cladding and overlay materials are molded from real wood pieces to reproduce the natural texture and grain patterns of the species they emulate. Choose from Clear Cypress or Mahogany in a variety of paint and stain colors to create your own style.
