Any existing signatory or member community may elect to withdraw from this Agreement without providing the one hundred eighty (180) day notice whenever a community's legislative body will not approve or accept a proposed modification to this Agreement made during the annual review as set forth above. In such event the community must pass a legislative resolution or ordinance affirmatively withdrawing from this Agreement due to proposed modifications. Such withdrawal will be effective immediately but will not alter, abrogate or otherwise modify any existing revenue sharing agreed upon or determined to be appropriate under this Agreement. Such withdrawal shall not alter any pending claim for revenue sharing which was initiated before a community withdrew from the Agreement. Should the proposed modification be subsequently eliminated or materially changed, such a community may rejoin the signatory communities to this Agreement with the two year waiting period being waived; otherwise the two year waiting period shall remain in effect. The decision to rejoin must be accomplished by legislative resolution or ordinance.

In the event an annual review is not conducted as contemplated above, this Agreement and its terms shall continue during the next year under those terms and conditions set forth in the most current version of this Agreement and the failure to conduct an annual review shall not cause this Agreement to terminate. Furthermore, the terms of this version of the Agreement shall remain in effect until the effective date of any subsequent version adopted by the signatory communities.

Each signatory community to this Memorandum has participated, and/or had the opportunity to participate, in the annual review during 2017. The parties agree that to remain parties to this Memorandum, and to qualify for the 5% additional points on the OPWC District 8 LTIP/SCIP applications, that their legislative authority must approve, and the appropriate authority must sign, the 2017-2018 Version of the Memorandum no later than September 29, 2017.

**SECTION 13.** This Agreement does not prohibit or otherwise limit the signatory communities from entering into Agreements between themselves concerning job creation, retention or revenue sharing. This Agreement does not abrogate or supersede any existing Agreement between signatory communities.

**SECTION 14.** Time is of the essence of this Agreement.
