## MEMORANDUM

**To:** Thom Sheridan, City Manager  
**From:** Jena Stasik, Community Relations Manager  
**CC:** Bradley Kosco, P.E., P.S., City Engineer, Greg Hanan, Community Development Director  
**Date:** April 30, 2025  
**Subject:** FY24 OH-13 Community Planning Funds (CPF)

---

The City of Hudson received FY24 OH-13 Community Planning Funds (CPF) for the construction of the ‘Nicholson Drive Water Transmission Line’ project in the amount of \$959,752.00 with a required match of \$239,938.00. To date, additional funding has not been secured, and the anticipated project cost is \$2,614,837.00. Staff recently met with the United States Environmental Protection Agency (USEPA) to discuss options and were presented with the following:

### **Option 1- Continue to Seek Funding**

The City is able to continue pursuing funding options that could be combinable with this award, such as additional CPF or Congressionally Directed Spending. There is no obligation to spend the money within an allotted timeframe.

### **Option 2- Pursue a Technical Correction (2–4-month process)**

EPA indicated the City may choose to pursue a technical correction through our Congressional Liaison and allocate the award for another water project(s) showing benefit to the residents and regional area. Examples include:

- Hudson Drive 12” Waterline - \$650,000
  - Waterline extension from the current line located just east of Hudson Gate Drive, continuing past the new Public Works Facility to 5523 Hudson Drive
- Well at the Water Treatment Plant - \$350,000
  - New 150’ well at 1270 E. Hines Hill Road
- Water Line at City Hall - \$125,000
  - Installation of a new service line connecting the existing main at Terex Road to the City Hall building
