RE: Annual City Council Update

Overview

In 2024, City Council implemented an initiative to request all Board and Commissions to provide a brief annual goals update discussion. This is an opportunity for the Boards and Commissions to discuss with Council any comments, questions or concerns they may have.

The AHBR is scheduled for discussion with Council at the meeting held on February 11, 2025. The AHBR would need to designate a representative to attend the City Council meeting on behalf of the Board. Staff, at the direction of the Board, is available to prepare a brief-write up to be included on the City Council Agenda.

Listed below is some proposed preliminary text to serve as a starting point for the Board to consider:

2024 in Review

- The AHBR met 22 times in 2024. Meetings are held on the second and fourth Wednesday of the month.
- The AHBR reviewed a total of 166 cases, of which 59 cases involved historic structures.
- One new board member was appointed to a full-term starting July 17, 2024 – Jamie Sredinski.
- The Board held a workshop on December 3, 2024 which included discussion of Board procedures, summary of work on 2024 goals and targeting 2025 goals.

2024 Objectives

- *Continue to Review applications and implement the City's Design Standards and Secretary of Interior Standards.*
Objective Update: The AHBR met the 2nd and 4th Wednesday of every month to continue serving the public by reviewing applications.
- *Complete a training session for Board members on historic material and historic property review criteria.*
Objective Update: The AHBR discussed these topics during the December workshop and targeted specific research for staff and/or the consultant architect to perform in 2025.
- *Work with city staff to commence an update on the City's Historic Landmark properties program, which allows property owners to voluntary designate their homes for landmark status and to be subject to the historic properties review criteria.*
Objective Update: The Board reviewed a preliminary list of properties that could be eligible for such effort and requests to speak to Council for guidance. The Board notes a

substantial update has not occurred in over 20 years and is listed as a core duty of the AHBR per Section 1202.04 of the Land Development Code.

- *Support the adoption and implementation of the Comprehensive Plan including any applicable design or historic preservation related recommendations.*

Objective Update: The AHBR was updated by staff and by the Steering Committee liaison on the Comprehensive Plan update. The AHBR will continue to work with staff on any applicable design or historic preservation items that were included.

- *Consider ways to provide more outreach to residents regarding items needed from the City when doing exterior renovation projects.*

Objective Update: The AHBR directed staff to include renovation related content in social media bursts and the Hudson News. Additionally, the AHBR requested staff look into the feasibility of contacting new owners of properties within the Historic District via utility billing information.

2025 Objectives

- Continue to review applications and implement the City's Design Standards and the Secretary of Interior Standards.
- Complete the Historic Landmark Program update. Review and update the list every 5 years.
- Conduct an annual workshop and/or training session.
- Make updates to the Design Standards that are more compatible with common trends and best practices.
- Explore harsher penalties for work conducted without a zoning certificate or certificate of appropriateness (Historic District).
