RE: Land Development Code Amendment – Assisted living and Continuing Care Retirement
Communities

Assisted living and continuing care retirement facilities can cause a strain on safety services and have been developed within commercial/industrial districts which have a primary focus on income tax generating development. The applicable districts where these uses could be reduced by removing them from D6 and D8. Each existing use could continue to operate as non-conforming uses, except for Laurel Lake, which is within D3 and could continue under its current conditional use status.

The Comprehensive plan includes the following recommendation:

2.1.2 – Limit large scale living facilities based on emergency service needs

Existing assisted living and continuing care retirement community facilities are as follows:

Facility	Zoning District	Description - Services
Laurel Lake	D3	CCRC - Senior living, Assisted living, Rehabilitation and skilled nursing care
Danbury/Springwood	D6	CCRC - Senior living, Assisted living, Memory care
Hudson Elms	D2	Institutional Residential – Rehabilitation and skilled nursing care
Hudson Grande	D8	CCRC - Senior living, Assisted living, Memory care
Heritage of Hudson	D8	Institutional Residential –Rehabilitation and skilled nursing care
Hudson Meadows	D8	CCRC - Senior living, Assisted living

Current Zoning allowances:

Use	Permitted by right	Conditional Use
Assisted Living	N/A	D2,D3,D4,D5,D6,D8,D8O
Continuing Care Retirement Communities	N/A	D3,D6,D8
Institutional Care (nursing)	N/a	D3,D6,D8

(26) "Assisted living" shall mean residences for the elderly that provide rooms, meals, personal care, and supervision of self-administered medication. They may provide other services, such as recreational activities, financial services, and transportation.

(73) "Continuing care retirement community" shall mean a residential and institutional complex containing dwelling units of any type permitted by this Code for independent living, and assisted living or institutional residential uses or both, with each dwelling or room occupied by not more than two residents at least one of whom is fifty-five years of age or older. Said complex shall have available on site: passive and active recreational facilities; common dining facilities; and provide primarily non-medical resident services to individuals in need of personal assistance essential for sustaining activities of daily living such as assistance or supervision in matters such as dressing, bathing, diet, financial management, transportation, evacuation of a residence in the case of an emergency, or administered medication.

(160) "Institutional residential uses" shall mean residences for nine or more unrelated persons who are elderly or developmentally disabled and who may or may not require facilities and services including restorative care and treatment, nursing services, aid with daily living skills, meal service, regular or as-needed medical supervision, social care, or other services that are supportive, restorative, or preventive in nature. Institutional residential uses include, but are not limited to, long-term care facilities, nursing homes, group homes for nine or more clients, and intermediate care facilities. "Institutional residential uses" do not include assisted living facilities, group homes for eight or fewer clients, day care centers, or family day care homes.

Proposed Amendment: Remove Assisted Living, Continuing Care Retirement Communities, and Institutional Residential from allowed uses within the commercial focused districts. Removing these use categories from commercial/industrial districts would preserve these areas for businesses development. Additionally, focusing these uses within District 3 would be more central to the community and closer to emergency services.
