

Legacy Village – Lyndhurst Ohio

The development contains a significant tree canopy along both of the primary road frontages. This could be an example for preserving the existing trees and increasing landscaping to the north, near the adjacent residential areas.

Austin Landing – Centerville Ohio

This large office focused mix use development does contain multiple office buildings with a strong pedestrian focus. On-street parking has been incorporated and several of the buildings orient to a central green. Mix of office, grocery, services, large retail, hotel, and multi-family.

Huntersville NC - Rosedale Center Development contains inward oriented buildings that relate to the main internal drives with increased landscaping and pedestrian accommodations. The buildings face the internal drives with the parking to the side or rear. Mix of office, grocery, services, townhomes.
